in Sea Dash**

*Craft Speeds to Los Angeles
at Almost 100 m.p.h.
Despite Battering*

**Eckener Leaves Great Circle
Route in His Effort to
Quit Gale Zone**

SAN FRANCISCO, Aug. 22.
(P).—The Radio Marine Corpora-
tion station at Marshall, Cal.,
established direct two-way radio
communication with the Strig-
ible Graf Zeppelin at 9:30
o'clock (Pacific standard time,
equal to 13:30 a.m. Saturday,
eastern standard time, or 7:30
p.m. Saturday, Tokyo time) to-

Messages from the airship were received at 10:05 A.M. (8 p.m. Pacific standard time) at latitude 39 degrees 20 minutes north and longitude 151 degrees 40 minutes west. The position at 0400 GMT (8 p.m. Pacific standard time) was at latitude 40 degrees 05 minutes north, longitude 152 degrees east.

The Radio Marine Corporation announced it expected to receive the airship's communication with the dirigible during the remainder of her voyage to Los Angeles. (GMT means Greenwich meridian time.)

TOKIO, Aug. 24 (Saturday).—Fierce winds blew through a violent storm of wind and lightning which struck her full force three hours after rising from Esanumi-

ceans toward America.

With clear moonlit skies above and the waters of the Pacific firm beneath, the Graf Zeppelin sailed through the night empty away at nearly 100 miles an hour. The miles separating her from the American coast had been reduced to a few hours' flying.

But the Graf Zeppelin, in her circumnavigation of the world, expected a moment of good weather, and the passengers averted and the Graf was drawn from the hanger Friday afternoon. Heading into the Pacific, the Graf Zeppelin, the Zeppelin disappeared within seven minutes in the direction of the open Pacific.

GREAT DANGER BEHELD

Almost immediately great dangers were seen. The Graf Zeppelin, with forty-one and passenger list of nineteen, storm areas were reported off the coast of Northern Japan. The Graf Zeppelin, in the North Pacific, was seen by the Japanese Navy, creating new hazards along the Great Circle route. Apparently without a moment's hesitation, the Graf Zeppelin was ordered her nose pointed straight into the vast spaces of the Pacific along a route 400 miles to the south of the Japanese coast.

But the Graf was unable to alter

Wind and rain beat against the ship's hull, and the waves were as high as she rode through the squall into clear weather.

Despite the great danger there was no talk about the ship-slip. The passengers gathered for dinner in the dining saloon as if nothing had happened. The ship's wireless telegraph kept up a constant dispatch from the Graf to Japanese government radio stations.

When her position was reported at 10 p.m. Friday (8 a.m. E. S. T.) the Graf announced she was ninety miles from the coast and was making eighty miles an hour.

The driftable averaged about thirty miles an hour for the first nine hours of her journey to Los Angeles, 5470 miles, which she is expected to reach in about a week, according to her log to the California city at 11:30 a.m. Tuesday, Pacific time.

Passengers on the Graf will experience a strange moment in world travel when they cross the place where the day begins, the date or calendar time.

This is the 180th meridian in mid-Pacific.

The ship probably will be tomorrow night and the Graf will

crosses the meridian. The United States flag will go up at 8 o'clock and everyone will wait until 9 o'clock before leaving. There will be no Sabbath school.

DIFFERENCE FIGURED

If the flight was in the opposite direction it would have been altogether. Going to bed Saturday morning again. If the time crossed Sunday there will be two Sabbaths.

(Continued on Page 2, Column 4)

TTEE PICKED

Porter to Welcome Guests
Sunday Here

Porter's official reception committee met at 10 o'clock today to greet the Graf Zeppelin on its arrival in America. The committee includes scientists, aeronauts, newspapermen and others interested in the civic and social life of the man.

This micrograph shows a metal surface with a prominent horizontal crack line. The crack is dark and irregular, running across the center of the frame. The surface above and below the crack has a grainy, metallic texture.

PARIS FILM PACT NEAR

Picture 'Famine' Forces Hand

France About to Give in to American Producers Due to Public Clamor

Resumption of Status Quo to Result in Showing of New Foreign Cinemas

(Copyright, 1939, by New York Times.) PARIS, Aug. 23. (Exclusive)—The prolonged controversy between the American and French film industries probably will be settled in an amicable agreement within the next week. Negotiations are progressing actively and there remain but one or two important details before an accord is reached.

The impending settlement is being hastened greatly by the fact that the American film industry is being hit by the fact that the French market is being closed to American films. The French market is being closed to American films because of the fact that the American film industry is being hit by the fact that the French market is being closed to American films.

Not alone the war have so few current American films been shown in Paris boulevard cinemas, and the public, which contrary to French expectations has proved American films in its taste, has evinced a sharp dislike for the situation. The situation is being hastened by the fact that the American film industry is being hit by the fact that the French market is being closed to American films.

PROPOSALS LISTED

Under the terms which have been presented the foreign companies would continue to operate in France until October, 1939, under last year's regulations. Between then and the two sides in the "friendliest spirit" would work out a common agreement which would protect the interests of the foreign companies and the French industry.

FLYERS ON WING FOR CLEVELAND

Air Racers at Miami to Hop Today, But Portland Pilots Already on Way

CLEVELAND, Aug. 23. (AP)—Twelve flyers groomed their planes at Miami, Fla., tonight for the Miami-Miami Beach-Cleveland derby tomorrow, and exhibitors at the Cleveland Public Auditorium polished off their displays for the opening of the National Air Races and Exposition tomorrow afternoon.

WICHITA FLYER WINS FIRST LEG

WALLA WALLA (Wash.) Aug. 23. (AP)—T. A. Welch, Wichita, Kan., flying a Traveler plane, won the first leg of the Portland-Cleveland air race, landing here at 2:44:28 p.m. today for an elapsed flying time from Portland of 11:20:12 and 38.

ALTURAS HOTEL SCORCHED

ALTURAS, Aug. 23. (AP)—Damage amounting to \$10,000 was caused by a fire which last night scorched the Big Tree Hotel here, the property estimated today. The fire, which started from electric wires, was the fourth in the hotel this year.

completion of her flight showed no indication of nervousness. The flying lessons and the solo flight were carried on at the Aviation Country Club's field with the privacy which Col. Lindbergh has sought so much since he became famous and so seldom has found.

There were no reporters present today, only a few friends and other members and officials of the club and it was only at second-hand that the Associated Press learned what had happened.

Mrs. Lindbergh has had wide experience in the air since her husband's flight with the Flying Col. began. In Mexico City, during their engagement, they used to go flying together, and on one occasion, a broken landing gear caused their ship to overturn on alighting.

NAVAL PARITY DATE PONDERED

(Continued from First Page)

tails have not been discussed between the Ambassador and the Premier, their conversations having been limited to the principle involved in the question. A hopeful attitude toward the prospects for a settlement of the dispute is being expressed generally here.

DAWES DECLARES PEOPLE FINAL JUDGES

ELGIN (Scotland) Aug. 23. (AP)—The ultimate fate of the naval disarmament negotiations rests on the public sentiments of the countries concerned, said Ambassador Dawes today in a speech before a banquet at the Lord Provost here at a ceremony in which the freedom of the city was presented to Premier MacDonald.

"To the Prime Minister his sense of responsibility must ever be present," began Ambassador Dawes. "As all times and everywhere he is sought out, even on his vacation in Scotland, and sometimes by ambassadors who are by no means the least of his disturbers."

THEY MEET AGAIN

The four powers declared their newest offer represents 75 per cent of Great Britain's, an additional demand for \$1,494,000 for year-by-year British Treasury experts translated the magnitude of the offer as meaning concretely about \$6,000,000.

SUSPECT HELD FOR TRIAL

FLAOSTAFF (Arls) Aug. 23. (AP)—Manuel Villa Gomez was arrested today by the Spanish police on charge of assault with a deadly weapon and intent to commit murder. Gomez, who is asserted to have fired three shots into the house of H. Moler last Sunday, said he was intoxicated and did not know what he was doing.

FIVE ARRESTED AS 'FIRE BUGS'

Foresters Declare Suspect Made Confession

Indians Jailed for Blaze Starting at Camp

Flames Trap Men and Cattle and Raze Buildings

SACRAMENTO, Aug. 23. (AP)—With four asserted incendiary fires still burning out of control, M. B. Frai, State Forester, today stated five men are under arrest in Amador and Mendocino counties as fire bug suspects. Another suspect in Amador county is expected to be taken into custody soon.

Two other men charged with setting a fire in Redwood Valley, Mendocino county, were released after letting their camp fire get away from them near Westport, Mendocino county. Held in jail at Westport.

MEN TRAPPED IN MINE

The Colliery's ranch fire last night trapped a number of men on an old mine shaft, trapped thirty-five head of cattle owned by Seymour Hill and destroyed ten mine buildings, Frai was informed today. The fire is still burning out of control.

MONTEANA FIRE COVERS TIGER ACRES

KALISPELL (Mont.) Aug. 23. (AP)—Halls Creek fire last night swept through between Belton and the foot of Lake McDonald in Glacier National Park and climbed a mountain, burning the National Forest park administration buildings were affected. The 2000-acre grounds and Lake McDonald Camp, a government camp, were burned over. The fire today was going up the middle fork of the Flathead River toward Nyack.

COMPLAINT CHARGES THREE FIRES STARTED

VIRALIA, Aug. 23. (AP)—An appeal for criminal complaint against three men charged with starting three fires in the California Hot Springs district was filed here today by Norman L. Harris. The fires were not serious.

ROYAL SMILES MASK GLOOM

(Continued from First Page)

and, many women at the banquet seemed abnormally long-waited because they were waiting for the king and queen to appear. The king and queen were expected to appear at 8:30 p.m. but they did not appear until 9:30 p.m.

WIGS HIDE BOBS

Gentle smiles also informed the ladies that the queen disapproves of extremely decollete gowns and make-shift undergarments screened wide expanses of cuticle ordinarily displayed in accordance with modern styles.

THEY MEET AGAIN

The four powers declared their newest offer represents 75 per cent of Great Britain's, an additional demand for \$1,494,000 for year-by-year British Treasury experts translated the magnitude of the offer as meaning concretely about \$6,000,000.

BRITISH PLANES MAY RACE ALONE

Italy's Request for Delay in Schneider Cup Denied

Leading Contender Killed in Testing Out Mount

American Entry Problematic; Machine Still Untried

LONDON, Aug. 23. (AP)—The Schneider Cup trophy committee tonight decided that the request of Italy for postponement of the air-ship speed races could not be granted under the rules governing the contest.

Two other Italian speed planes have earlier been wrecked and a third had suffered less serious damage. The only entry other than English is that of Alfred J. Williams, a British aviator who has seriously delayed his test flights of a new plane so that it appears possible he will be unable to reach England in time to compete.

AMERICAN FREQUENT FLEADED BY ITALY

ROME, Aug. 23. (Exclusive)—Because of the recent accidents, including the death of Capt. Giuseppe Motta, one of the pilots chosen to represent Italy, the Italian government has requested a postponement of the Schneider Cup races for several days. It was pointed out that in 1935, when the races were held, the Italian government had requested a postponement of the races.

SKILLFUL PILOT

Capt. Motta was one of the most skillful racing pilots and the accident, which will seriously handicap the Italian team, was due to a combination of factors. It is not believed to be due to any error in maneuvering but probably to a rupture in some part of the plane due to the terrific strain to which it was being subjected.

PAID LAST TRIBUTES

Marvel Crossover Funeral Rites Attended by Many Relatives and Friends

SAN DIEGO, Aug. 23. (Exclusive)—San Diego paused today to do homage to its first and only woman flyer, Marvel Crossover, who crashed here, Wellington, Ariz., while flying in the Women's Air Derby from Santa Monica to Cleveland. Following funeral services the body was cremated.

GLAND RENEWALS

The latest development in restoration of youth by gland grafting was described by S. Voronoff of Paris, world-famous exponent of this technique. He said evidence accumulates that grafted glands do not last and disappear, but that they continue to live. Nevertheless, the effects of the grafting do not last indefinitely.

grafting. This extract has been employed thus far only on animals, but Dr. Funk said his purpose is to attempt to reduce it to tablets that can be taken in ordinary fashion on physicians' prescriptions.

REJUVENATED BOOSTERS

The pictures first showed roosters whose combs had wilted and whose wattles had shriveled because of loss of masculinity. Then he threw on the screen the same roosters ten days after receiving the hormone extract and the pictures showed combs erect and wattles filled out. These rejuvenation effects he said, had been found only a few days, compared with weeks for the shriveling process.

NEW CURB PUT ON SKY PILOTS

Stricter Regulations to be Effective September 1

Examinations Required for Each Type of Plane

Public Safety Thus Will be Increased Greatly

WASHINGTON, Aug. 23. (AP)—New regulations to protect the flying public against careless pilots will be put into effect September 1, next, by the Federal Aviation Administration.

Clarence M. Young, the assistant secretary for aviation, announced today that the new regulations will permit a more complete type of plane in which the pilot is seated in a more comfortable position and the controls are more easily reached.

"Existing regulations were promulgated in 1927," Young said, "and have been amended several times since that time. The new regulations will be a complete revision of the old ones and will be more in line with the latest developments in aviation."

"The new regulations will require that each type of plane be examined and certified by the Federal Aviation Administration before it can be flown. This will be done by a series of tests which will be made by the Federal Aviation Administration and by the State Department."

"The new regulations will also require that each pilot be examined and certified by the Federal Aviation Administration before he can fly. This will be done by a series of tests which will be made by the Federal Aviation Administration and by the State Department."

REDS INTRIGUED BY TREASURE

Commissars Forget to Talk of War and Order Hunt for Gems in Kremlin

PARIS, Aug. 23. (Exclusive)—At the last meeting of the Soviet people's commissars, which convened in the Kremlin of Moscow to discuss the Chinese conflict, they apparently forgot the Soviet government's foreign policy when one member began to tell of huge stores of buried treasure reported concealed in underground passages of the Kremlin during the reign of Czar Ivan, the Terrible.

The talk of the buried treasure occupied the entire session and the commissars decided to appoint an archaeological commission to direct further excavations, which were begun during the early years of the Communist reign.

RED RENOUNCES PARTY'S DOGMA

Year in Russia Disillusions French Communist

PARIS, Aug. 23. (Exclusive)—Disillusioned after a visit of fifteen months in Soviet Russia, Paul Marion, former head of the Communist propaganda bureau in France, has returned to Paris and has presented his resignation from the Communist party. At the moment the French government is conducting an active drive against Red agitation and his resignation coming at this time is receiving much attention in the press.

"In Russia, where I remained from November, 1927, to February, 1929," writes Marion in his resignation letter, "I passed a year in close collaboration with the Communist International. I was placed in the closest contact with the workers and with the common people and became completely disillusioned."

"I learned that the Russian situation is not due to transient errors, but to the basic conditions of rule by the proletariat has hidden the cruellest and the most hopeless reality of the domination by a caste of bureaucrats."

"I talked with the workers who were former revolutionary combatants and who considered as the mistake of their lives that they should ever have fought under the false hope of gaining possession of power."

"I learned that the Russian situation is not due to transient errors, but to the basic conditions of rule by the proletariat has hidden the cruellest and the most hopeless reality of the domination by a caste of bureaucrats."

BOY SCOUT RAPS PANTS OF PRINCE

NEW YORK, Aug. 23. (AP)—The Prince of Wales, take it from a Beaumont (Tex.) Boy Scout, is not such a sloppy dresser as most Americans seem to think.

"He had on a pair of sloppy shorts when he visited the jamboree said Brink Bass, one of thirteen of the Beaumont troop who returned from the world Scout jamboree in England. "But," he added, "he had such a way about him you overlooked his pants."

The Beaumont Scouts are the first of the American contingent to return.

JAPAN WILL ADD TO RAIL GUARDS

Crisis in Manchuria Saves Nippon Army Program

TOKIO, Aug. 23. (AP)—The crisis in North Manchuria, where Soviet Russia and China are in dispute over control of the Chinese Eastern Railway, has saved the Japanese army's plan for increasing its garrison in South Manchuria from the discard. The civilian element in the Hamaguchi Cabinet, pledged to strict economy, had considered abandonment of the program approved by the last session of the Diet for placing two additional infantry battalions along the South Manchuria Railway, which Japan owns. The military authorities, pointing to the threat of trouble in the north, were able to save their scheme.

This means a 50 per cent increase in the Japanese railway garrison, raising its battalions from four to six and its numbers from 3,500 men to 5,250. The increase will go into effect from December, 1929, but all arrangements connected therewith will not be completed until 1931.

When you lift the receiver

Behind your Telephone stretches a wire fifty million miles long.

These miles of wire and their connecting equipment always must be in readiness.

Your wish at present may be to talk only with a friend in the next block, or to a business house half a mile away.

But when you lift your receiver, 1,800,000 telephones on the Pacific Coast—19 million in the United States—are ready for your call.

Would you like a peep "behind the scenes?"

We, the operators who serve your telephone, can serve you even better if you have an understanding of some of the interesting details of telephone operation.

Just call at any central office and ask to see the switchboards and equipment.

President Hoover Scorns Politics to Talk Fish in Virginia Address

The President Refused to Discuss Politics when he made his recent address at Madison, Va. He confined his remarks to the topic of fishing and the benefits derived from outdoor sports. Here he is caught by the camera during the open-air talk. (Los Angeles Times-Universal Newsreel photo.)

The New Type Curtiss Condor Plane, adopted by the Transcontinental Air Transport line, was given an official test at Roosevelt Field, Long Island, Tuesday by Col. Lindbergh and a group of company engineers. The "flying colonel" is shown at controls. (P. & A. photo.)

An Automaton Which Apparently Thinks, writes a legible hand and moves with the grace of a grand dame was exhibited at the recent world's advertising congress at Berlin, Germany. She's taking dictation in this photo. (P. & A. photo.)

The Chinese Idea of Conveying a Warning is carried out in this traffic sign on one of the principal streets in Hangchow. Note the skull suspended above the traffic officer's signal. The legend beneath is equally gruesome. (P. & A. photo.)

Grown Prince of Japan, whatever that name is, is a nice appearing youngster. His name is Fumihiko and he is popular with his subjects. (A. P. photo.)

Riding, Milking, Plowing and Hay Pitching Will be Included Among the Events listed for the "Country Girls' Contest" at the State Fair early next month. Sylvia Henderson and Frances Trentino, two of the entrants in the contest, are pictured in training above. Photo was taken on State Fairgrounds at Sacramento.

You Can Teach an Old Dog New Tricks, Sir Horace Plunkett, Irish statesman and agricultural expert, avers. At the age of 75 years he has taken up flying and hopes to win a pilot's license. He's getting ready for a "hop" in this photo. (P. & A. photo.)

If There is Anything Wrong With a Radio receiving set, the instrument shown here by Erney Goodleigh will diagnose the trouble automatically. It will be demonstrated at National Radio Show at the Ambassador September 2 to 7.

Despite the Fact That it Will Attain a Speed of 106 Miles Taxing the Navy's biplane Mercury has never been able to lift the load that it must carry in competition. Further tests have been ordered by navy air officials. In the photo the plane is shown attempting to take-off at Annapolis, Md., a few days ago. (P. & A. photo.)

Abraham Lincoln Tried Many of His Early Cases in the Old Courthouse at Postville, Ill., which has been purchased by Henry Ford, will be restored and preserved for posterity. It is said that Ford will leave the building on its present site (now Lincoln, Ill.) and will redecorate it as it was in the Emancipator's time. (P. & A. photo.)

Herbert Hoover, Jr., is using the tuck-in blouse as a means of getting across his propaganda message. He's coming from New York. (P. & A. photo.)

Tuck-in Blouse of tan and brown and a hat of the same shades make this sport outfit for early fall wear a chic ensemble. Tan will be popular color. (A. P. photo.)

Nearly Perfect are the measurements of Miss Nina Craig, 19 years of age, of Alameda, Cal., who will represent California at Baltimore American Legion beauty contest. (P. & A. photo.)

Starting at a Rather Early Age to acquire the smoking habit, this little papoose, a resident of the Glacier National Park reservation in Montana, is begging his mother for the pipe. Indian kiddies smoke from infancy, as a general rule. (P. & A. photo.)

Approximately 400,000 Bushels of Grain Were Destroyed in a Fierce Blaze which recently razed an elevator belonging to the Trans-Mississippi Grain Company at Omaha, Neb. The elevator, which is one of the largest in the west and occupies an entire block, was only half filled with grain when the conflagration occurred. (P. & A. photo.)

BOBBY JONES IN GOLFING EXHIBITION HERE TODAY

Mickey Riley Again Wins National Diving Laurels

WORLD'S SWIM MARK CREATED

Mercury Star Retains His Ten-Foot Crown

Eleanor Holm Establishes New Medley Record

Back Stroke Championship Won by Walton

BY RUSSELL J. NEWLAND Associated Press Sports Writer

SAN FRANCISCO, Aug. 23. (AP)—In an amazing performance today on the second day's program of the national A. U. swimming championships, a new world's record was established and two new champions were crowned while a title-holder retained his laurels.

Cutting through the waters of Fish-backer pool with astounding speed, Eleanor Holm of the Los Angeles Athletic Club easily proved her right to retain honors in the event. Her first place from a stellar field with 14.73 points. Al White of the Athens Club, Oakland, was second with 14.125, and Harold Smith, Los Angeles A. C., was third with 13.738.

Walter Spence, veteran from the Pennsylvania A. C., Philadelphia, took second place in the 440-yard free style, and third position went to Austin Clapp of the Hollywood A. C. Second place points in the 220-yard back stroke for men were awarded by Arthur Hargrave, Olympic Club.

Setting a fast pace throughout, Jimmy Trisole of the Athens Club won the 440-yard free-style race.

Miss Norelius is Winner in Wrigley Swim

TORONTO, Aug. 23.—In her first major professional competition, Martha Norelius of New York, former Olympic champion, won the Wrigley ten-mile swim for women in Lake Ontario here today. Her time was 56, 34m. 28s., breaking the record by nearly ten minutes, and her victory brought her \$10,000.

Miss Ruth Tower of Denver, Colo., took second prize of \$2000, finishing 500 yards behind the winner, while Mrs. Evelyn Armstrong of Detroit, mother of two children, was third, winning \$1000.

As he walked to the shore, he was greeted by a crowd of spectators who stood up to cheer him.

He had a smooth bill lane there in some of these high ten-

BOBBY'S JINX? — MAYBE

George Von Elm of Detroit, formerly of Los Angeles, is considered next in line to Bobby Jones as the plus ultra of amateur golfers. George gets a chance to see what he can do against the Atlanta wonder again today over the north course of the Los Angeles Country Club, where he will pair with Jack Neville of Pebble Beach, California State champion, against Charles Evans of Chicago and Bobby. The match will be Bobby's only exhibition in Southern California, and many thousands of people are expected to see him play. The admission will be \$5, and the entire gate will go to the Children's Hospital.

VON ELM, NEVILLE PAIR AGAINST FAMOUS STARS

Evans to Join National Amateur King Over Los Angeles Club; Thousands to See Champion

BY EDWARD LAWRENCE

Robert Tyre Jones, Jr., United States amateur champion, versus George Von Elm, the only man who has defeated him in the national links classic over a period of the last five years.

That will be the treat in store for Southern California golfers who invade the north course of the Los Angeles Country Club this afternoon at 2 o'clock for a glimpse of the world's greatest amateur golfer.

It will be Bobby Jones' first and only exhibition match in Southern California before he goes north tomorrow night to Pebble Beach, where he will defend his amateur crown the first week in September.

Playing with Bobby will be Charles (Chick) Evans of Chicago, former national open and amateur champion. Von Elm will pair with Jack Neville of Pebble Beach, California State champion.

There is only one Bobby Jones, however, and the thousands who flock down their five barrels will be doing so solely for a glimpse of the far-famed Atlanta wonder in action. And it's worth it.

JONES ERA

It has been said of Von Elm that he had the misfortune to be born during the Jones era. "Jim" is really a Southern California product, and he has many friends in Los Angeles, who consider him to be

HELEN WILLS IN VICTORY OVER MOLLA MALLORY

California Girl Subdues Old Rival in Two Love Sets; Miss Jacobs is Defeated by Mrs. Watson

BY TED VORBURGH Associated Press Sports Writer

FOREST HILLS (N. Y.), Aug. 23. (AP)—Helen Wills completely outclassed her old rival, Mrs. Molla Bjurstedt Mallory before a gallery of 5000 at the West Side Stadium this afternoon calmly pounding out a victory in two love sets.

Queen Helen thereby entered the final round of the national women's tennis championship, where tomorrow she will defend her crown against Mrs. A. Watson.

The champion's hard-hitting and perfect match made her entirely devoid of thrills, but plenty of drama was packed into the other semifinal in which the

halred English woman overcame Helen Jacobs by scores of 6-1, 3-6, 6-4; America's second ranking female player fought gallantly against elimination, but the merrymaking of Mrs. Watson from the base line finally brought about her downfall as it had done so un-

Philadelphia Athletics Drop Fourth Straight Game; Cubs Pound Out Win Over Phillies

Jack Dempsey Gets License

CHICAGO, Aug. 23.—Jack Dempsey may return to the ring to meet the outstanding heavyweight contender, Max Baer, next summer.

Home Talent Climbs With 7-to-5 Victory

McEvoy Victim of Circuit Clouting Attack

Shellenback Follows Heath and Severeid

(Continued from Seventh Page)

Whereupon Mr. Severeid gave the pill an awful ride and it seemed over the left-field fence. This put the Athletics out in front by one run, but that wasn't all.

Mr. Maloney, who had replaced Mr. Severeid about the middle of the game, didn't see the ball. He was in the middle of a double play, and the best he could do was to try to get to Governor in center field.

However, Fletcher Frank Shellenback, who had been a perfect day at the bat with a home run and two singles, decided to put the same on ice and setting this thought to scum he stung the bat for another ride over the left-field barrier.

This closed the home-run orgy for the day, neither Lee nor Roling having become acquainted with Mr. Maloney's fence ball to the extent of interrupting it far and wide.

The fracas was the best of the series, both teams contriving to get by with the services of a single pitcher.

CLOSE SQUEEZE

Shellenback was in real trouble in the eighth inning, when the Cubs got to him for three hits and three runs, scored by a wild pitch and a boot by Roling.

McEvoy, on the other hand, was effective, but wild, except for the eighth, walking a total of seven men.

However, he showed his stuff in the pinches when he shifted Roling, batting for Severeid, and the bats filled in the sixth inning.

The Oaks bugged a trio of home runs, but they failed to score them in the seventh.

The Oaks tied it up in the second inning when big Sam Arlett banged out his daily homer, the ball sailing over the fence in left center.

Blinded in the second and third innings, the Stars forged into the lead, 3 to 1, in the fourth inning.

Funk doubled to center and continued to third after Governor's return hit him in the back and rolled to the pitcher's box, coming home on Heath's infield out. The ball hit McEvoy's glove, and Reese came in to make the play at first.

ANOTHER HOMER

Signor Lombardi, the Italian young man, who was the big hero of Wednesday's victory for Oakland, gave Oakland its second run of the game when he belted Mr. Severeid's home run.

With the score tied at 3-3, the Stars again led in the seventh when they hung up a pair of markers. Shellenback singled on a line to center field to open the inning and a moment later he was safe at second on Lee's attempted sacrifice. Lee dumped the ball in front of the plate and Lombardi threw pulled Dean off the bag and high in the air. However, it looked as if Dean made the out, for when he came down Shellenback and Lee were in a tangle.

The safe decision brought the Oaks bunting around Fanning's ears like a bunch of angry horses and it was several minutes before the umpire could shoo the boys back on the job.

Hollings then sacrificed the boys along a peg and the bases were filled when Funk drew a base on balls. Altered pumped a safe shot to left field, which Carlyle tried hard to catch with a fast, hard run, but the ball dropped just in front of him and he missed the pick-up, both Shellenback and Lee scoring.

But Hollywood's lead was short lived. The Oaks made three runs in the eighth inning, and went out in front, 5 to 4. It was Johnny Verge's homer over the wall in the ninth that won the game.

CARDS MAILED

BOSTON, Aug. 23.—(AP)—The Braves evaded the series with the St. Louis Cardinals at one-all here today by pitching 5-2 behind the seven-hit pitching of Bobby Smith.

The St. Louis pitcher, who had a homer with none on in the fifth, belted a double scored two runs for Boston in the first inning, and a combination of four hits, Maguire's squeeze play and a wild throw by Catcher Jimmy Wilson in the sixth gave them three more. Goldsmith, former Boston pitcher, hurled the last two innings for the Cardinals and only six men faced him. The score:

GUILFORD WITHDRAWN FROM NATIONAL TOURNAMENT

BOSTON, Aug. 23.—(AP)—The Guilford Golf Club has withdrawn from the national tournament at the Bandonville Country Club, near San Francisco, Cal., next month.

ALL-STAR KIPP IN

Every regular player in the six-round tournament at the Bandonville Country Club, near San Francisco, Cal., next month, will be in the line-up for the all-star team.

OFF

The off-season tour of the Bandonville Country Club, near San Francisco, Cal., next month, will be in the line-up for the all-star team.

IN

The in-season tour of the Bandonville Country Club, near San Francisco, Cal., next month, will be in the line-up for the all-star team.

OUT

The out-season tour of the Bandonville Country Club, near San Francisco, Cal., next month, will be in the line-up for the all-star team.

Stars Tie For Second Place

OKUN TO CLAIM CROWN IF HE WHIPS BRADDOCK

Yale Okun will lay claim to the light-heavyweight title if he beats James J. Braddock at the Olympic next Tuesday.

DUCKS WIN TWELFTH STRAIGHT

Walters, Third Baseman, Hurls Victory for Fourth in Row Over Seals

COWBOY FOUR SEEK WIN OVER UPLIFTERS' TEAM

Will Rogers and his cowboy outfit plan to ride the Uplifters off their feet tomorrow when they collide in a special match polo game at Rustic Canyon Field.

HELEN WILLS CRUSHES FOE

(Continued from Seventh Page)

The last remaining hope of American victory in the doubles phase of the championship vanished when the all-San Francisco team of Mrs. Ann Harper and Edith Cross was eliminated at the hands of England's second-best aggregation consisting of Mrs. Phyllis Corvill and Mrs. Dorothy Shepherd-Barron by a score of 6-4, 6-2.

MIDWICK FOUR WINS POLO TILT

(Continued from Seventh Page)

Oak Brook-Du Page got away to a good start today through two goals on the part of Kenneth Fitzpatrick. This led the locals held until the third chukker, when Neil McCarthy, coach Midwick No. 2, exploded a scoring attack that netted him individually four goals in seven and one-half minutes. Thereafter Oak Brook-Du Page never drew close, although it continued to show flashes of creditable polo.

In the final period the Midwicks broke out again when Dr. Harry Wilson shed the ball through the uprights in rapid succession. This was followed by a goal from the mallet of McCarthy and it marked the end of the Midwick offensive.

A splendid backhand, executed in the seventh chukker by Maxwell Corpening, was one of the game's highlights.

Tomorrow during the polo pony show at Oak Brook a Detroit team will battle an Oak Brook combination in a challenge match.

Oak Brook-Du Page will be coached by Dr. Harry Wilson. Midwick will be coached by Neil McCarthy. The teams will be: Oak Brook-Du Page, Dr. Harry Wilson, Kenneth Fitzpatrick, Neil McCarthy, and Maxwell Corpening. Midwick, Neil McCarthy, Dr. Harry Wilson, Kenneth Fitzpatrick, and Maxwell Corpening.

RICHFIELD UNIT EXPANDS AGAIN

New York Subsidiary Buys
Lansom Oil Company

New Concern Operates Gas
Stations in East

Will Add 4,000,000 Gallons
to Atlantic Business

Richfield Oil Corporation of New York, the recently formed Atlantic seaboard subsidiary of the Richfield Oil Company of California, has purchased the Lansom Oil Company, an independent retail marketing organization with fifteen gas stations in Providence, R. I., and vicinity, according to an announcement yesterday. The purchase price was reported to be \$150,000. This acquisition will add approximately 4,000,000 gallons to the annual volume of Richfield gasoline business on the Atlantic coast, according to A. C. Woodman, president of the Richfield Oil Corporation of New York.

In the semi-annual report of the parent company, which was recently issued by James A. Talbot, chairman, and C. M. Fuller, president, it was pointed out that while the earnings of the New York unit were not included in the half-year statement, they were on a basis of about \$1,500,000.

The New York company, which is wholly owned by Richfield of California, in its organization took over several large distributing companies on the Atlantic seaboard, having branches and distribution in 130 cities throughout the States of New York, New Jersey, Vermont, Maine, Massachusetts, Connecticut, New Hampshire, Pennsylvania and Maryland.

With marine terminals in use or being constructed the new company will have an aggregate of 1,100,000 barrels storage capacity at Providence, R. I., Green Point, Long Island, and Schoharie, N. Y.

Twelfth Area Reserve Bank Status Told

SAN FRANCISCO, Aug. 23. (Exclusive)—Condition of the Twelfth Federal District Reserve Bank at the close of business on the 21st inst. follows, in thousands of dollars:

Assets	Liabilities
Gold with Federal Reserve agent, \$20,700	Reserve notes, \$1,000
Gold, \$2,300	Notes and coins, \$1,000
U. S. government securities, \$1,000	Deposits, \$1,000
State and local government securities, \$1,000	Other liabilities, \$1,000
Real estate, \$1,000	
Other assets, \$1,000	
Total, \$20,700	Total, \$20,700

Maddux Traffic Registers Gain

Maddux Air Lines during the first seven months of this year carried a total of 20,714 passengers as compared with 14,214 passengers for the entire year of 1928, officials stated yesterday. Passenger-miles flown aggregated 3,877,762 miles as against 2,145,685 miles for the full year of 1928. July revenues showed a gain of 50 per cent over June and the current month is running about 50 per cent above that of July.

Liquid assets of the company as of July 31, last, were \$1,000,000 while current liabilities amounted to \$67,000. Property assets including buildings, airplanes, equipment, etc., were listed at \$914,897.42.

SAN FRANCISCO GOLD PLANS LARGER OUTPUT

Acquisition of the Middle End Mine, formerly known as the Melton Mine, consisting of five patented claims in the Grizzly Flats district, twenty-seven miles from Placerville, by San Francisco Gold Mines Company, was formally announced yesterday by Rollins MacPadden, secretary and treasurer of the latter company. After additional machinery is installed within the next sixty days earnings are expected to run about \$100,000 monthly, he stated.

AUTO CONCERNS IN DENIAL OF RUMORS

CHICAGO, Aug. 23. (Exclusive)—L. B. Manning, president of the Cord Corporation, denied today that E. L. Cord, president of the Auburn Automobile Company, has been offered the presidency of the Willys-Overland Company. Officials of the latter company after additional machinery is installed within the next sixty days earnings are expected to run about \$100,000 monthly, he stated.

Italo Merger With McKeon Oil Approved

Stockholders of the Italo Petroleum Corporation of America approved the sale of the business and assets of the company to the McKeon Oil Company in exchange for several large distributing companies on the Atlantic seaboard, having branches and distribution in 130 cities throughout the States of New York, New Jersey, Vermont, Maine, Massachusetts, Connecticut, New Hampshire, Pennsylvania and Maryland.

The McKeon company has an authorized capital of 2,000,000 shares of no par capital stock, of which 1,500,000 shares will be immediately issued, of which Italo will receive 600,000 shares. The new company also expects to issue \$5,000,000 of 5 per cent bonds in the near future. The meeting was held in San Francisco, California, and was attended by representatives of the Italo Petroleum Corporation and J. E. O'Donnell, all combined valued at \$12,500,000.

With 80 per cent of the Italo stock represented at the meeting, 80 per cent or 624,000 shares of common and 42,887 shares of preferred stock, voted for the merger. It was stated. A committee representing the opposing minority agreed that stockholders had favored the proposal. The merger would be in the best interests of all.

Exchange Puts Western Pipe on Call List

Common stock of the Western Pipe and Steel Company of California has been approved and will be called for trading Monday on the Los Angeles Stock Exchange, and new stock of the Transamerica Corporation will be traded today on a when, as and if issued basis, Carl Miller, secretary and manager of the exchange, announced yesterday. An additional issue of Pacific Companies, Inc., was also approved for immediate trading.

Western Pipe and Steel, which has an authorized capital of 180,000 shares of \$10 par common and 10,000 shares of \$10 preferred, has outstanding 18,000 shares of common stock. Proceeding the common and preferred stock is an issue of \$500,000 5 per cent mortgage bonds. The company operates five plants situated in Southern San Francisco, Los Angeles, Fresno, Taft and Phoenix, Ariz. Its products include steel tanks for oil storage, oil and tank piping for oil, water and gas mains, and sundry other allied products. The company is one of the oldest industrial on the Pacific Coast and has hitherto been privately owned.

Utility Company Profits Boosted

SAN FRANCISCO, Aug. 23. (Exclusive)—Western Utilities Corporation today reported net earnings for the twelve months ended June 30, last, as \$413,436, an increase of approximately 50 per cent over the preceding year. Interest charges on the company's outstanding funded debt are \$120,480.

The company through its subsidiaries furnishes telephone and electric service to twenty-three cities in Southern California. It is controlled through ownership of its entire capital stock by Western Continental Utilities, Inc.

NEW OIL ROYALTY COMPANY FORMED

Pacific Southwest Royalties, Inc., a California corporation, has been permitted to engage in the oil royalty business with a capitalization of 100,000 shares of \$10 par value, which the authorized increase to 200,000 shares with 20,000 shares available for public purchase, according to an announcement yesterday. Officers of the company include E. B. Campbell, Neal E. Dow, W. D. Spading, G. Kelly, Maurice C. Myers, A. Weymann and Clay McCarty.

Thomas, for the past four years identified with financial and industrial research in Southern California, has been placed in charge of the research and statistical department of Schwabacher & Co., investment banking house, Paul Granville, resident manager, has been announced yesterday. He has been associated with the Security-First National Bank in research work since 1925.

BUSINESS MEN LIST STOCKS

Executives from Twenty-Seven States Name Favorites for Ten-Year Pull; Telephone Leads

BY EARLE E. CROWE

Looking ahead ten years to 1939 for the securities that should show the greatest appreciation is not a simple task when all the factors are considered. Two hundred business men attending the summer session of the Harvard business school recently tried their hands at this problem and the composite result has been the subject of interested comment in the stock market.

American Telephone and Telegraph, the premier public utility, leads the list, as reproduced by the New York Herald-Tribune. Curtiss-Wright, the combination of the Curtiss Aeroplane and Wright Aeronautical companies, is second, and General Electric, third. The first and the third choices have been pace-makers in the recent rising trend in the New York market.

SELECTIONS LISTED

The stocks chiefly favored were:

American Telephone and Telegraph
Curtiss-Wright
General Electric
International Telephone and Telegraph
Radio Corporation of America
Standard Oil of New Jersey
Union Pacific
Western Union
Yankee Fuel Oil

What's Behind Your Stock

ATCHELTON, TOPEKA AND SANTA FE RAILWAY COMPANY

Directly operated lines of the Atchelton, Topeka and Santa Fe Railway Company consist of about 13,250 miles extending from Chicago to Los Angeles and San Francisco on the Pacific Coast and to Galveston on the Gulf of Mexico, and many extensive branches. Recently

Value of Arizona Wool Clip for Season Stated

PHOENIX (APRIL) Aug. 23. (AP)—Although sale prices have been from 6 to 8 cents lower than last year, the value of the 1929 State wool crop upon completion of final sales, will reach a figure in excess of \$1,500,000, according to the Arizona Wool Growers' Association, announced.

The crop, according to Mr. Embebach, brought an average of 28 cents per pound for State sheepmen on a clip which totaled more than 4,000,000 pounds.

Mr. Embebach stated that the decline in prices for Arizona wool was representative of a general lessening of demand throughout the country and that Arizona sheepmen were suffering from a general decline in prices for wool in other sections of the country.

Irregular Tone on London Mart

LONDON, Aug. 23. (Exclusive)—The stock market had an irregular tone today, although many issues were in good demand and scored sharp advances. Sentiment was more cheerful. Margarine, for instance, was in demand. The tobacco group had a steady tone, especially British American. Rayon shares were steady while the textile group was quiet. The oil list moved irregularly with Royal Dutch strong. Rubbers were steady. The mining list had a heavy tone. Foreign issues were quiet. Home rails had a steady tone and Argentine rails were easy.

Trade Volume About on Par With Year Ago

NEW YORK, Aug. 23. (AP)—Retail trade, reflecting the lag of the vacation season, was in progress of clearing "sales," has tended to quiet down further, whereas wholesale and jobbing trade and industry seem to show little change from recent weeks.

Owing to the continuance of dry weather in wide areas, but especially the northern grain and fruit belts and the western half of the cotton belt, crop reports seem to have been deteriorating. This might be added, is in rather marked contrast with a year ago at this time when heavy yields were in prospect and fall trade was rallying from the uncertainty noted earlier in the season.

In this connection, it may be remarked that the comparative quietness of the usual summer season this year, taken in connection with the improving condition a year ago, render it difficult to measure the week-to-week ebb and flow of current trade activity. Generally speaking, trade is about on a par with a year ago at this date, while industry, which shows the least effect of summer conditions is a trifle more active than a year ago.

Weekly bank clearings, \$12,846,940,000, an increase of \$4.9 per cent over a year ago.

DERBY LETTERS ON DISPLAY

"Times" Round-the-World
Envelopes in Window;
Dike Best Guesses

For the benefit of the many persons who have expressed a desire to see the returned Times Round-the-World Air Mail Derby letters, two of those so far received have been placed on display in the Broadway windows of The Times at First street and Broadway. These made the globe-gridding trip in fifty-five and one-half days, the poor time being accounted for by delays in the war zone in Asia, storms, red tape and poor connections generally.

The best guess at the time required for the letters to make the trip around the world from Los Angeles to Los Angeles was submitted by Henry J. Dike of 1864 North Sycamore street, Los Angeles, whose estimate was thirty-nine days, four hours. Estimates ranged all the way down from this to one of three days and two hours. Most guessers put it about thirty days, which is just about the time the letters actually were moving forward on their journey. The rest of the time was occupied by delays of various kinds, most of it in the Russo-Chinese trouble zone.

INDUSTRY PREPARES TO EXPAND

Additional Acreage Bought
in Vernon by Southern
California Iron and Steel

Future expansion of the Southern California Iron and Steel Company was forecast yesterday in the purchase by the concern of fourteen and one-half acres of land in Vernon a short distance from the twenty-acre company now occupies.

QUIZ WILL BE GIVEN
ON TERMITE CONTROL
An examination for the purpose of qualifying termite control operators, in accordance with a recent amendment to the State code of agricultural statutes, will be held in Room 307, Hall of Records, 220 South Broadway, next Wednesday it was announced yesterday by H. E. Wilcox, deputy agricultural commissioner for Los Angeles county.

PROGRAM SET FOR TUESDAY
The final interpretation program of the Hollywood Bowl concerts for the coming week is scheduled for Tuesday afternoon at 2:30 o'clock in Barker Brothers Auditorium.

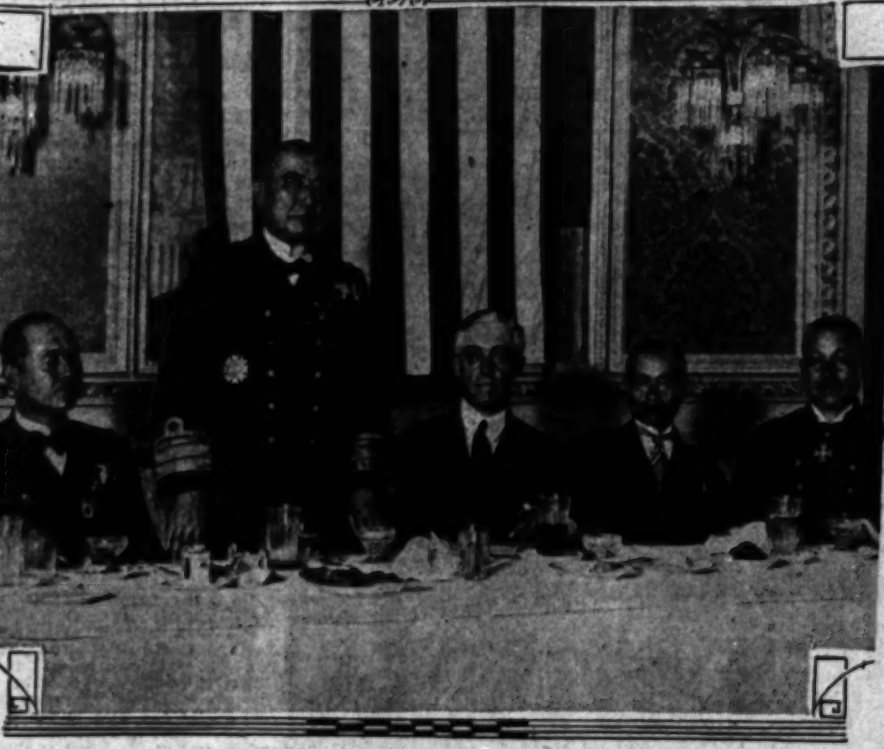

METHODISTS PLAN CHURCH
Wilshire Congregation Buys Building Site at Third Street and Arden Boulevard

Another large and beautiful church will be erected in the Wilshire district, it became known yesterday when it was learned that the Wilshire Methodist Episcopal Church has purchased a large plot of ground at the southwest corner of Third street and Arden Boulevard as the site for a new structure.

Although the price paid for the ground was not announced, it is understood to be in the neighborhood of \$150,000. Building plans for the new church have not yet been drawn up but it is said that the building cost will be in excess of \$200,000.

The deal was handled by Ralph R. Lloyd, president of the Lloyd Corporation, who is president of the church's board of trustees, and Harry Philp, general manager of the Broadway Department Store, who is also a member of the church board. The sale was made by Charles J. O'Hara of the real estate firm of Kells & Grant.

Carry Supply of Fuel Oil
to Antarctic Expedition

Returning from the Antarctic for a fresh supply of fuel oil, provisions and scientific instruments, the famous whaler, C. A. Larson, mother ship of Commander Richard E. Byrd's South Pole expedition, will dock in Los Angeles Harbor on or about September 15, next, it was announced yesterday by Richard Florin, president of the Western Oil and Refining Company.

As to Weather, 'Tis Moderate
However the unscientific multitude may have felt about it, yesterday's weather was real moderate, according to the United States Weather Bureau, even though the temperature reached a maximum for the day of 86 degrees shortly after noon and the humidity at noon was 50 per cent as compared with 44 per cent at the same hour on Thursday. Yesterday's minimum temperature was 66 degrees, at 4 a.m., as compared with a minimum of 65 for the previous day.

THREE KILLED IN TRAFFIC; TWO OTHERS FACE DEATH
Three deaths and several serious injuries yesterday were reported as the result of traffic accidents throughout the city. Four Japanese suffered minor hurts in a crash which took the life of a countryman.

Struck by a truck yesterday, Albert J. Weber, 50 years of age, of 3004 Fourth avenue, was killed. He was secretary to the superintendent of the Santa Fe Railroad. Police report that he alighted from a street car at the Seventh-street bridge and dodged around the rear of the car into the path of a truck driven by Earl P. Hinkens of 8084 San Miguel street, South Gate. Weber was dead on arrival at Georgia-street Receiving Hospital. Officers Biale and Buchanan of Newton street division investigated and reported that the accident apparently was unavoidable.

Struck in the head by a splintered timber from a guard rail, Nishida, El Monte Japanese, was killed instantly early yesterday when an automobile driven by Toku Masuno, in which he was riding, crashed into another machine and skidded into the ditch on Lower Avenue Road.

Max Kats of 443 South San Pedro street, was killed when he was struck by a truck while riding a bicycle on Third street and Ardmore avenue. The accident occurred as he was making his rounds as a patrolman in the employ of the Nick Harris Detective agency. He suffered a fractured skull. The driver of the car, according to police, was Max Kats of 443 South San Pedro street.

In another traffic mishap Mrs. Mary Ann Clark, 32, of the Kipling Hotel, Third street and Kingsley Drive, suffered concussion of the brain and possible internal injuries, according to surgeons at Hollywood Hospital, where she was taken after first-aid treatment at Georgia-street Receiving Hospital. As she was stepping into an automobile...

James I. Stuttsberry, 63, of 1001 Tenth street, Santa Monica, died in the Santa Fe Hospital yesterday a few hours after being struck by an automobile while riding a bicycle on Third street and Ardmore avenue. The accident occurred as he was making his rounds as a patrolman in the employ of the Nick Harris Detective agency. He suffered a fractured skull. The driver of the car, according to police, was Max Kats of 443 South San Pedro street.

YOUNG CUDAHY FOUND GUILTY

Jury Makes Recommendation of \$5000 Fine

Verdict Found After Three Hours' Discussion

Packer's Scion Charged With Drunk Driving

Michael Cudahy, 31-year-old son of the wealthy packing family, was found guilty of driving while intoxicated by a jury of eleven women and one man in Superior Judge McComb's court last night after the jury had been out more than three hours and had returned once to have Judge McComb reread an instruction relating to the penalties for the crime which young Cudahy was charged.

In accordance with the judge's instructions that they had the power to recommend the penalty to be imposed on Cudahy, the jury added to their verdict a recommendation that his punishment be fine of \$5000. Sentence will be pronounced on the youth on the 27th inst.

It was an hour after the jury had first retired at 4 o'clock that they returned with the question concerning the penalties. Judge McComb repeated to them that portion of his original instructions which pointed out that they were privileged to accompany their verdict with a recommendation which would bind the court to the extent that no heavier penalty than that recommended could be imposed.

REDUCTION OF TAX RATE GOES OVER
Objection of Councilman Lewis Barks Adoption of Lowered City Levy
The city tax rate promising a reduction of 16 cents was not adopted yesterday by the Council, due to the objections of Councilman Lewis. It had been planned to adopt the rate as set forth by City Controller Myers, which contemplates a 16-cent reduction from the 1928-29 figures.

NEW AIR LINK TO BORDER WILL FUNCTION TODAY
Adding another thread to the fast-spreading web of airways, Continental Air Express today will inaugurate its new Lockheed-Vega express and passenger service between Los Angeles and San Diego, hooking up with Agua Caliente by rail through an arrangement with the San Diego and Arizona Railroad and putting Long Beach on a major air route for the first time.

Curtiss Pilots Warned Against Bowl Flights
Instant dismissal is the penalty that pilots of the Curtiss Flying Service will pay for flying above the Hollywood Bowl during progress of concerts there, according to a general order issued yesterday by Maj. C. C. Moseley, vice-president and general manager.

THE SECRET
Jimmy Swinnerton, the artist, who is an enthusiastic snake-dance fan, says he believes the Indians know some secret antidote, and do not tell anybody for fear the white people will curdle the limited supply of herbs.

POISON SACS
Some profound medical men came out and peeked at the rattlesnakes; they decided that the Indians had taken the poison bags (Continued on Page 2, Column 5)

NEWPORT WINS ACQUITTAL
Jury Also Finds Clarke Not Guilty After Trial on Charge of Attempt to Sway Judge

P. F. Newport, prominent Los Angeles real estate operator, and Robert D. Clarke, former Municipal Court clerk and defeated Councilman candidate at the last election, were found not guilty of the charge of attempting to influence a public official by a jury in Superior Judge Dornan's court last night. The jury deliberated less than an hour.

The last two days of what had been a lengthy trial were devoted to arguments by Le Compton Davis and William Nebbett, representing Newport, and William T. Kendrick, Jr., attorney for Clarke. E. J. Dennison of the District Attorney's office represented the State. It was charged in the indictment that Newport and Clarke conspired to offer Municipal Judge Stafford \$50,000 to rescind a decision in a civil case which had been decided against Newport. Early in the trial, however, the court...

NEWPORT WINS ACQUITTAL
Jury Also Finds Clarke Not Guilty After Trial on Charge of Attempt to Sway Judge

P. F. Newport, prominent Los Angeles real estate operator, and Robert D. Clarke, former Municipal Court clerk and defeated Councilman candidate at the last election, were found not guilty of the charge of attempting to influence a public official by a jury in Superior Judge Dornan's court last night. The jury deliberated less than an hour.

RITTENHOUSE STRIKES BACK

Broadside Directed Against Colleagues in Board

Hjelte and Lamb Also Get Share of His Attention

Array of Charges Contained in Statement to Mayor

Wholesale charges against his fellow members of the Playground and Recreation Commission and Superintendent Hjelte and Secretary Lamb are contained in a signed statement submitted to Mayor Portage and the City Council yesterday by Commissioner Rittenhouse. This is his answer to the demand last Monday by the commission for his resignation, on the ground that he was circulating unfounded statements against them.

Rittenhouse charges that the other members of the board had defamed to interfere with the City Council plan to compromise on the city's suit to recover millions of dollars worth of public lands along the beach in Venice now held by private interests, until his protest resulted in the board asking the Council to defer action on the compromise for two weeks.

He charges that Secretary Lamb, of the Playground and Recreation Commission, had Commissioner Martin and Randall to believe that the compromise, suggested by the City Attorney, was sanctioned by the commission. Learning of the situation, City Attorney Werner on his own initiative held up the compromise, according to Rittenhouse.

STREET-END ORDINANCE
Still another charge is that an ordinance introduced by Councilman Martin and passed by the City Council, to take the jurisdiction of street-ends on the Venice Beach from the Board of Public Works and place them under direction of the Playground and Recreation Department was for the purpose of forcing him off the board, because he opposed the ordinance concerning the street-ends granted by the old city of Venice.

Since the defeat of the State Lands bill at Sacramento, Rittenhouse says he proposed, he asserts efforts by him to get the board to ask the Council to bring the ordinance before the board, in the name of the State to oust those occupying public beach land have been in vain.

Also he has been unable to get the board to pass a resolution, Rittenhouse charges, to bring suit for recovery of the Playa Del Rey beach, lost to private concerns through nonpayment of taxes for about twenty years.

FURTHER CHARGES
Further charges are that the spirit of civil service is being violated by the department in that the superior in charge of swimming pools and beaches has not been required to show proficiency in business administration, nor to handle himself or others in the ocean. He charges the organization under the superior want to pieces as to morale and efficiency. He refers to four drownings at city pools this summer.

Rittenhouse further cites that he frequently has urged his fellow commissioners to take action against vice conditions in Venice but has failed to get any support.

THREE DEATHS TRAFFIC'S TOLL

(Continued from First Page)

Mobile owned by Edward L. Price of 715 South Figueroa street a Buick truck crashed into the car, hurling Mrs. Park to the ground. The truck, according to police, was driven by William B. Hocking, of 1139 Sanborn street. Neither he nor Price was hurt.

Knocked down by an automobile yesterday, Vernie La Forge, 40, a salesman, of 1340 West Fourth street, incurred a fracture of the skull. He was taken to the hospital at 410 West Ninth street, where he was cared for by Dr. J. H. Smith.

Thomas Marks, 60, who lives with James, suffered a skull fracture and severe cuts and bruises; James also had a possible skull fracture and an eight-inch laceration of the throat; Mrs. Ruth James, his wife, and their 10-month-old daughter, suffered minor injuries. All were treated at Georgia-street Receiving Hospital.

Young Woman Check Passer Gains Mercy

Mrs. Oris Brooks Wilson was saved from San Quentin yesterday by Judge William T. Aggeler, when she came before him for sentence on conviction of passing of six checks amounting to \$48, in Hollywood recently. On recommendation of probation officers, she was granted three years' probation, one year of which will be spent in the County Jail.

It is asserted that Mrs. Wilson, who is 33 years of age, posed as a wealthy society woman and used the small checks in making purchases from Hollywood and Pasadena merchants. This was the woman's first offense, officials stated.

GIRL'S CHARGES JAIL FATHER
Roy Johnson, 46 years of age, of 114 West Manchester avenue, was arrested yesterday and held in City Jail on charges of a statutory offense involving two of his daughters, 16 and 14 years of age. The arrest was made by Police Captain Blake of the Crime Prevention Bureau. In the complaint on which Johnson was taken in custody, sixteen counts are stipulated. Johnson is a householder by occupation and has a wife and six other children.

New Barrier Against Rushing Waters Ready

NEW DISCOVERIES

The Big Dalton Flood Control Dam

CALE FOUND TWICE GUILTY

Head of Chiropractic College Convicted by Jury Sitting in Two Separate Trials

Following two separate trials in which he was charged with three counts of petty theft, Charles A. Cale, president of the Cale Chiropractic College, 1408 West Seventh street, was found guilty yesterday by a jury in Municipal Judge Sheldon's court.

Immediately after the verdicts were announced Defense Attorney Emory D. Martindale presented motion for a new trial, and Judge Sheldon released Cale in \$300 bail pending hearing of the motion on the 26th inst.

In the first trial Cale was charged with having accepted \$14 from Yvonne Lafayette, an operative for the State Board of Pharmacy, as a down payment on a chiropractic diploma to cost \$250. It was brought out in the testimony that he first had requested \$25 as the initial payment, finally compromising on \$14. Miss Lafayette, it developed, had been detailed to apply for the diploma by Bert Humason, former chief investigator and special agent for the State Board of Chiropractic Examiners.

SECOND CASE
At the conclusion of testimony the jury resumed its trial to hear evidence in the second case, before deliberating the first.

Cale's trial on the second charge involved the acceptance of \$250 from two payments from Mrs. Anna Carlson for a diploma entitling her to practice as a masseuse.

DIGGING MACHINE CUTS PHONE CABLE

SANTA FE SPRINGS, Aug. 23. A serious interruption to telephone service between Los Angeles, Orange county points, and San Diego was caused today by an excavating machine near here which cut through the main long-distance cable of the Pacific Telephone and Telegraph Company. Telephone men had the cable back in working order at 3:30 p.m. after strenuous hours of work. The cable was struck by the digging machine late yesterday afternoon and repairs were rushed to the scene of trouble. Difficulties were enlarged by the second break which occurred early this morning.

MRS. C. L. MENDELL LAID TO LAST REST

Funeral services for Mrs. Frances S. Mendell, wife of Charles L. Mendell, 2208 West Thirtieth street, who died Tuesday after being struck by an automobile truck, were conducted yesterday at the Francis Hall & Son chapel, 1077 South Flower street. Burial was in Forest Lawn Memorial Park. Mrs. Mendell, who was 71 years of age, had resided in Los Angeles for twenty-five years. She was a member of the Women's City Club. Besides her husband, she leaves a son, Charles E. Mendell.

BIG DALTON FLOOD DAM ACCEPTED

Dedication Ceremonies in Canyon Mark Completion of Another Control Link

Formal acceptance of the \$811,000 Big Dalton flood-control dam, was celebrated by dedication ceremonies in the Big Dalton Canyon yesterday, when members of the Board of Supervisors, contractors, county officials and representatives of citizens dwelling along the wash below the dam, met at the dam site.

The dam, which will protect lands near Glendora, Arroyo and Covina from flash floods in the mountains around Big Dalton Canyon, is part of the \$40,000,000 county flood-control plan, and impounds 1300 acre feet of water from a large watershed. It is 800 feet wide at the top, and is 150 feet above the stream bed. Its location is five and one-half miles northwest of Glendora.

The dam is one of ten completed as part of the flood-control program. The others are: Thompson San Dam, Sierra Madre, Santa Anita Canyon, Puddingstone and Devil's Geta. These dams represent an investment of \$4,000,000. The San Gabriel Dam, largest in the world, now is under construction at an estimated final cost of \$20,000,000.

The Big Dalton dam was built by H. W. Rohi, contractor, under supervision of County Flood Control Engineer E. C. Eaton.

CHARLES H. MORGAN RITES TO BE MONDAY

Funeral rites will be conducted at the Little Church of the Flowers at 3 p.m. Monday for Charles Henry Morgan, past owner of the Morgan Construction Company of Worcester, Mass., but a resident of Los Angeles since 1923. Mr. Morgan, formerly head of the company in which he retained a part interest, retired from active business fifteen years ago. He was 75 years of age. His home was at 4009 Ambrose avenue. He leaves his widow, Mrs. Jessie P. Morgan, and two daughters, Mrs. Gordon White of Wellerley, Mass., and Mrs. Martha Morgan of Phoenix, Ariz. Gates, Crane & Earl are in charge of funeral arrangements.

BEACH TAR BAN GUMMED UP

Oil Companies Declare Waste On Sands Not from Tankers So New Inquiry Starts

Oil companies, protesting against being forced to install expensive blue-cleaning apparatus for their tankers in Los Angeles Harbor, have advanced the claim that tar washed in to the beaches comes from submarine seepage, and not from tankers.

So the Board of Supervisors has asked A. E. Warren, county surveyor, to make a survey of the Long Beach ocean front, to determine if the tar that washes up is derived from crude oil, or the semi-refined product that is carried in tankers.

NEW TALLMAN OCEAN HUNT ON

Body Seen in San Francisco Bay May Be Clew

Corpse With Life Preserver on Sighted from Ship

Arkansas Tip Thought Little of By Police Here

A body which was considered possibly that of William L. Tallman, indicted for the "bracket" murder of Mrs. Virginia Petty, was reported yesterday as sighted in the Pacific Ocean two miles outside of the Golden Gate. The body, floating in a life belt was sighted by Capt. L. B. Hiltner, master of the Laseco liner Harvard, in the region where Tallman is supposed to have jumped overboard from the S.S. Admiral Benson en route from Los Angeles to San Francisco, June 5, last, the day following the discovery of the murder.

Los Angeles police awaited news of the recovery of the body, which an all-day search by airplanes and Coast Guard cutters had failed to accomplish. The local homicide squad yesterday also received a report that Tallman was in Bentonville, Ark., and Portland, Or.

IN WATER LONG TIME
Capt. Hiltner sighted a man's body in a life belt floating on the south bank buoy at 10 a.m. yesterday, but did not stop to pick it up. The dead man lay low in the water, the markings of which the captain could not determine, and apparently had been in the water a long time. A beach patrol was established in the hopes of finding the body if it was washed in by the high tide.

Detective Captain Calo yesterday said that he had been in communication with Miles Piemmona, a private investigator in Bentonville, Ark., who said he had information which might lead to the apprehension of Tallman. Capt. Calo said that he guaranteed Piemmona that a reward of \$2000 awaited the captor of the missing radio man. The investigator had asked for \$117 advanced to defray expenses he had already incurred.

According to Piemmona's communication, he had information that Tallman had been in New Orleans recently, and had left for an eastern city.

YOUTH IDENTIFIED
James Bickner, 18 years of age, of Anaheim, was identified yesterday as the motorcycle tourist whose appearance had caused Washington and Oregon officers to mistake him for Tallman.

No real trace of Tallman has been found since he vanished from the S.S. Admiral Benson somewhere between Los Angeles and San Francisco. Tallman left here aboard the Admiral Benson on June 5, last, the day following the body of Mrs. Virginia Petty, with whom he had been conducting a clandestine affair, was found hanging from the hooks in an apartment which Tallman had rented under an assumed name. On a request from Los Angeles police, Capt. Sohast of the steamship, confirmed Tallman to his cabin, from which he escaped.

RESOLUTION AGAINST NIX DEFEATED

United Veterans Reject Measure of Censure in Committee

Critics of City Prosecutor Ming yesterday were not allowed to bring a resolution before the fifth annual convention of the Department of California, United Veterans of the Republic, convening him. The convention met at the City Hall in Culver City.

The resolution was killed in committee. Its sponsors sought to censure Nix for his action in attempting the dismissal of 100 Julian usury cases and asserted he had not stood for rigid law enforcement. The resolution also recited that the veterans resent the fact that Nix assertedly had obtained much publicity on the claim that he is an ex-service man, and that the veterans are not in sympathy with his administration.

In the morning session, the 276 delegates and officers present welcomed by Mayor Hough of Culver City, and heard words of greeting by the department commander, Col. Malcolm McManis, Gov. Young, Representative Grail, and Mayor Porter of Los Angeles. Hosts during the three-day convention are members of Culver City's National Guard, the women's auxiliary of the organization is also in session at the Culver City-Palms American Legion Hall.

BEACH TAR BAN GUMMED UP

Oil Companies Declare Waste On Sands Not from Tankers So New Inquiry Starts

Oil companies, protesting against being forced to install expensive blue-cleaning apparatus for their tankers in Los Angeles Harbor, have advanced the claim that tar washed in to the beaches comes from submarine seepage, and not from tankers.

So the Board of Supervisors has asked A. E. Warren, county surveyor, to make a survey of the Long Beach ocean front, to determine if the tar that washes up is derived from crude oil, or the semi-refined product that is carried in tankers.

THREE WOMEN TIRE OF LIVING

Self-Hanging of Nurse in Room Unexplained

Second May Die of Bullet After Love Spat

Third, Ill, Swallows Poison; She Will Recover

One woman is dead and two others are in the hospital, where doctors are fighting to save their lives, as the result of reported suicide attempts yesterday.

Miss Mary B. Willis, a trained nurse, 33 years of age, of 443 East Twentieth street, killed herself by hanging. Her lifeless body was found dangling from a gas jet by her landlady, Mrs. B. Dreux, when the latter entered her room yesterday morning to ascertain why she had not left since early Thursday. A section of shooting had served as the means.

NO EXPLANATION
Police investigating the suicide found no explanation of the woman's act. Letters in the room indicated she had a sister, Mrs. T. E. Hall, living in Webster, S. D., and that she had been graduated from the Peabody Hospital there in 1934. Miss Juanita King, 32, tried to end her life, according to the police report, by shooting herself in the left breast in her apartment at 238 South Broadway street. She was found in a serious condition by L. W. Dearing, manager of the apartment-house, and removed to Georgia-street Receiving Hospital, where she told surgeons the shooting had been accidental.

LOVE NOTE LEFT
A search of Miss King's apartment, however, disclosed a note which police declare indicated the woman contemplated suicide. It was addressed to James A. Walton of 1206 Ingraham street, and concluded: "I am sure you do not realize how much you have hurt me, nor how much I love you. I have forgiven all and hope that you will, too. Please try to understand, and forgive this. I am an idiot."

When interviewed by police, Walton, they reported, was reluctant to discuss the matter. An antislip solution served as the means employed by Mrs. Evelyn Basbaum, 33, to attempt her life, the police report disclosed. Dependent over illness, she swallowed the poison at her home, 333 Sanborn avenue, but after emergency treatment at the Dickey & Case Hospital it was reported she will recover.

Author Charges 'Pagan' Pirating of 'Arab Ann'

Asserting that his song, "Arab Ann," had been pirated by the Metro-Goldwyn-Mayer motion-picture company for the use of Ramon Novarro as his theme song in the talking picture, "The Pagan," George C. Watson, Los Angeles actor and song writer, yesterday filed suit against the producers of the picture, Nacio Herb Brown, a song writer employed by the Metro-Goldwyn-Mayer studios, and twelve "John Doe" individuals and corporations, for the recovery of an indeterminate sum said to be between \$25,000 and \$1,500,000.

According to the complaint, which was filed in United States District Court here yesterday, Watson complains that his song was written and copyrighted in 1923, six years before the production of the photograph and that its author, Nacio Herb Brown, took the chorus almost bodily and adapted the verse melody and "that said melody is reproduced approximately twenty-three times at each showing of the picture 'The Pagan.'"

Brown said last night that the song was written in 1918 and was one of four songs of the same type. He said that at that time the song which Ramon Novarro used in the 1929 film production was held from the printers. He declared all of the songs were more or less similar and based on ancient oriental melodies.

Youth Held on Bigamy Charge

Arrested on a charge of suspicion of bigamy last night, Jack B. Wynne, 23 years of age, of 6022 Fernwood Drive, was lodged in the City Jail. He was arrested at the home of Mrs. Pearl B. Smith, 320 North Hobart avenue, after she had complained to police that he married her 17-year-old daughter on Wednesday in Las Vegas, Nev.

Knowing that Wynne's relatives live in Frederick, Okla., Mrs. Smith wired inquiring if he was married. She received an affirmative reply signed by Eddie Stewart Wynne, she said.

Wynne asserted last night that he was married when 15 years of age to a girl in Frederick, but that he had instituted annulment proceedings since coming to California. He said he understood these were completed and that he was free to marry.

GRACE PHARES TO PLAY
Grace Phares will be guest soloist with the Los Angeles band at the concert in Exposition Park, tomorrow at 3 p.m. Miss Phares will play several triphonic numbers assisted by the band. Other soloists will be Edwin Taylor, trumpetist, and Willis Scheinhaus, baritone.

WE MODERNS
"Do stop for tea, Mrs. Brown. You've had such a hard day visiting."

SUIT OVER-LOST LOVE

Jury Denies James Oliver Compensation Parents-in-Law Because Wife Left

James W. Oliver is not entitled to financial compensation for the loss of his wife, a jury in Superior Judge Lambert's court decided yesterday after an hour and twenty minutes deliberation of testimony in the suit for alienation of affection.

METHODISTS TO ERECT CHURCH

(Continued from First Page)

ent building at Second street and Hobart Boulevard and the decision to erect a new building on a larger site was reached several months ago. Since then a search for a desirable location has been going on and the board of trustees believes the site purchased yesterday meets all requirements.

MUST RAZE HOUSES
Building operations may not commence for many months, yet, he pointed out, in addition to the delay incident to the zone change, there will be further delay occasioned by the necessity of razing three large private residences which now occupy the site.

Despite the nebulous state in which the building plans are, at present, Mr. Mayor said that the new church undoubtedly will be one of the three largest Methodist churches in the city, the other two being the First Methodist Episcopal Church downtown and the First Methodist Episcopal Church of Hollywood. Dr. Willis Martin, the present pastor of the church, said that the new church will be until two years ago pastor of the Hollywood church.

NEWPORT AND CLARKE FREED

(Continued from First Page)

other expenses of the civil case had been paid.

Dep. Dist. Atty. Dennison referred to the testimony of witnesses which, he said, indicated that an attempt actually was made to influence Judge Stafford's decision.

Blind Mourning Mrs. Sarah Ash

Among the Blind of Southern California, sincere sorrow was voiced yesterday over the death of Mrs. Sarah A. Ash of Glendale, secretary and a founder of the California Society for the Blind. She died in an automobile accident near Laguna Beach on the 16th inst. Funeral services will be held at 2 p.m. Tuesday by Dr. Arthur Lee Odell of the Beverly Hills Community Church, in the Little Church of the Flowers, Forest Lawn Memorial Park. One hundred blind men, women and children attended the services to pay last tribute to the woman who had devoted years to the cause of the blind.

One of Mrs. Ash's last public efforts was to urge the passage by the Legislature of two bills designed to aid the blind, both of which were signed by the Governor. Mrs. Ash leaves her husband, Harry B. Ash, and a daughter, Mrs. Geraldine Newton.

Household Needs and Timely Suggestions by Sallie

What fun picnics and beach parties are—that a delightful way to entertain informally—and how much more you are giving them, aren't you, now that you are availing yourself of the services of the "Sur-Vel" Box Lunch Company? For the benefit of any of my readers who do not know about this concern let me repeat that they furnish box lunches and sandwiches of the finest for any kind of gathering... and, oh, so reasonable are their prices! The question of what to prepare for a picnic is solved for you by the Sur-Vel Box Lunch Company most ideal. Suppose you give them a ring today. FASTER 17th is the number. 303 Main street.

To remove water spots from varnished wood, tables or furniture, rub them with a cloth, or feather, wet with camellia.

You will find fluff rugs made out of old carpets are lovely in your summer house... so are old-fashioned rugs made from rag. Tell you to whom to go to have them made by: The Hoffman Rug Works, whose address and phone number are 2814 W. Jefferson. EMpire 2048.

It is a pity to spoil the appearance of an attractive set table by using badly worn and tarnished silver... so are old-fashioned silverware. Tell you to whom to go to have them made by: The Hoffman Rug Works, whose address and phone number are 2814 W. Jefferson. EMpire 2048.

Ants really and truly terrify your house and grounds when "Cedar" is installed. Write or phone for particulars to the Calgro Sales Co., 3618 W. Pine, EMpire 1028, or 1329 Santa Monica Blvd., in Santa Barbara the address is 15 E. Canon Perdido.

GAMBLERS SENT TO JAIL

Pair Convicted by Jury Sentenced to Sixty Days; Substitution Plots Watched

Convicted of gambling by a jury in the court of Municipal Judge Sheldon, William Johnson and Alvin P. Schaffer yesterday were sentenced to serve sixty days in jail. The case was prosecuted by Deputy City Prosecutor Kaufman, who has announced his intention of asking for jail sentences in all gambling convictions.

Record Artists Will be Heard at Radio Show

The photograph hook-up with radio will be exemplified at the forthcoming National Radio Show, according to Pierre Melionne, program manager, who said yesterday that many of this country's leading photograph recording artists will join with the radio stars and motion picture actors in supplying entertainment at the annual exhibition.

Ben Platt Heads Campaign Group for Sinai Home

Peter M. Kahn, president of the Mount Sinai Home for Chronic Invalids, yesterday announced Ben Platt, chairman of the campaign group, formed to raise \$50,000 for the institution in a two week institution in a two week canvass commencing September 15. One hundred and fifty men and women already have pledged their services for the campaign, of which Tom May is treasurer. Among those who will help are H. D. Stuck, Charles Beaver and Aaron Riche.

THE LANCER

(Continued from First Page)

Out after the ceremony some scouts from the American Museum of Natural history caught some of them and sent them back to New York for examination. The poison sacs were found to be right on the job.

TO PEN POINT

A democracy is a form of government in which every citizen has the right to be heard. It is a form of government in which every citizen has the right to be heard. It is a form of government in which every citizen has the right to be heard.

If a democracy is a form of government in which every citizen has the right to be heard, then it is a form of government in which every citizen has the right to be heard. It is a form of government in which every citizen has the right to be heard.

Executive session: The pulling down of the blindfold from the eyes of the people is the first step in the process of democracy. It is a form of government in which every citizen has the right to be heard.

The Brethren and the Zeppelins have made a record. Maybe the world will develop the habit of democracy. It is a form of government in which every citizen has the right to be heard.

A homecoming is a period in a woman's life when she is not dreaming of the past. It is a form of government in which every citizen has the right to be heard.

Americanism: The plan to imitate the achievements of the past is a method. It is a form of government in which every citizen has the right to be heard.

A philanthropist is a person who gives money to the poor. It is a form of government in which every citizen has the right to be heard.

How they may have been financed by people who are only at a time in an automobile business. It is a form of government in which every citizen has the right to be heard.

The coroner's bureau figure it has increased in proportion to the number of deaths. It is a form of government in which every citizen has the right to be heard.

A French critic says that the Frenchman is a man who is not a man. It is a form of government in which every citizen has the right to be heard.

Correct this sentence: I was your age when I was your age. It is a form of government in which every citizen has the right to be heard.

Another good place for tipping is in a restaurant. It is a form of government in which every citizen has the right to be heard.

As to food for the modern housewife, it is a matter of weighing and found when you find a man who is not a man.

Many a young man has a brilliant future before him. It is a form of government in which every citizen has the right to be heard.

It may be all right in a man's back in his own home. It is a form of government in which every citizen has the right to be heard.

Some men think that the wife is the husband's little end of it. It is a form of government in which every citizen has the right to be heard.

Even the man who has a little end of it. It is a form of government in which every citizen has the right to be heard.

TO TELL

Local Stations Will... It is a form of government in which every citizen has the right to be heard.

Gets Petitions... It is a form of government in which every citizen has the right to be heard.

THE BAIN L. POWER... It is a form of government in which every citizen has the right to be heard.

THE BAIN L. POWER... It is a form of government in which every citizen has the right to be heard.

HEALTH AND DET

Dr. Frank M. Coe... It is a form of government in which every citizen has the right to be heard.

HEALTH FROM AUTOSUGGESTION... It is a form of government in which every citizen has the right to be heard.

Everyone is familiar with reports of miraculous recoveries of apparently incurable invalids by faith or suggestion. Doctors are equally familiar with the fact that many diseases, such as paralysis, mental disorders, and digestive disturbances, may be caused by suggestion, fear, or other powerful emotions.

It is undoubtedly true that the mind has a tremendous influence upon our well-being. Many are coming to realize that they can powerfully influence themselves by autosuggestion. The mind naturally plays around in the storehouse of memories, and if this storehouse is stocked with pictures of health and well-being, one is constantly receiving suggestions for good, but, on the other hand, if the mind is continually contracting thoughts of disease and disease symptoms, the suggestions received are enervating and detrimental to the body.

One striving for health should completely eliminate from his vocabulary such words as aching, tired, nervous, and other words of weakness, complaint, painful, discouragement, etc., and substitute positive words bringing up pictures of health such as strong, beautiful, vigorous, well, hardy, joyful, healthy, etc.

Whenever a man thought of a depressing one enters the mind, he ceases to think of another thought or some joyful anticipation. Keep the mind busy on constructive thinking and you will find that a rainbow will appear over your clouds of gloom to forecast the sunshine and happiness ahead.

If your mind constantly dwells on unpleasant conditions, they will continue to grow until they are vicious monsters, but if you turn your mind from images of pain and tragedy to those of health and joy, you will build up a wealth of good pictures which are not only pleasant to contemplate, but have the magic power to grow by attracting other thoughts of a like nature.

The mind is especially susceptible to suggestions in the twilight between being awake and sleeping, and it is a good plan to keep alive the constructive thoughts in your mind as you are preparing for the repose of sleep.

Not only should one think in terms of health, but should think health and act strongly. If you are diligent in your search for constructive knowledge and helpful things, you will find that your effort brings its reward in a happier, healthier everyday life.

Q: S. D. writes: "My wife is suffering from high blood pressure. Some of the doctors tell me it cannot be cured. Would appreciate your advice."

A: The cause is due either to hardening of the arteries, or arterial tension, and most of the time it is due to diet alone. If you will send me your name and address I will be glad to forward additional information on this subject.

JUVENILE MODELERS TO COMPETE

Young Sand Sculptors to Contest for Supremacy at Venice Beach Today

Embryo Michelangelos and Rodins will have the opportunity of displaying their skill as "sculptors" acquired this summer in the sand modeling program at the various municipal playgrounds when the second annual sand modeling contest of the playground and recreation department is held at Venice Beach this afternoon beginning at 1 o'clock.

Each of the forty municipal playgrounds will enter four contestants in this afternoon's competition. These four being chosen in a series of elimination contests which culminated this week.

Entrants in this afternoon's contest will each be required to create two models in the sands at the beach, one of these will be assigned and the other will be left to the choice of each child.

Boys and girls entered in the contest will be divided into two classes, the junior class representing in age from 8 to 12 years and the senior class from 13 to 17 years. Judges for the contest will include Vernon Grant, Mrs. Ivan Jackson and Miss Adeline Pauset, all well-known local art critics.

YOUR BABY AND MINE

BY MYRTLE MEYER ELDRON

Mrs. Eldron will be glad to answer all questions pertaining to babies and mothers. Write to her at the Los Angeles Times, Room 100, 100 N. Main St., Los Angeles, Cal. 90012.

Q: K. J. writes: "My meals are mostly milk and fruit, or a protein and vegetable. I am afraid I do not get enough starch. Does the body require a definite amount of starch, and will I suffer on account of the small amount I take?"

A: I do not believe it is necessary to use any highly starchy foods at all in the diet. Of course, there is always a small amount found in the nonstarchy vegetables. Carrots, green beans, and other vegetables contain starch and sugar, and under certain forced circumstances men have lived for years under practically an exclusive meat diet. Don't worry about the starch. The chances are you will get too much rather than too little.

Q: S. D. writes: "My wife is suffering from high blood pressure. Some of the doctors tell me it cannot be cured. Would appreciate your advice."

A: The cause is due either to hardening of the arteries, or arterial tension, and most of the time it is due to diet alone. If you will send me your name and address I will be glad to forward additional information on this subject.

ROCK PARTY TO BE THROWN AT BEACH

But Rockers Pray They Won't Get Any Stone Bruises

A ROCKING chair marathon in which a dozen enthusiastic contestants either will rock themselves to sleep or set a new world record for long-distance rocking will get under way early this morning at Redondo Beach.

The contestants will rock three hours; rest fifteen minutes and then rock another three hours and so on until all but one are eliminated. Entrants will be permitted to read, sleep or do anything they please so long as they keep on rocking.

To insure adequate rocking, the Eastern Outfitting Company has supplied rocking chairs equipped with bells, and every rock will cause the bell to tinkle. When the tinkle stops, the contestant is eliminated. Among the entrants who were busy practicing yesterday was "Smiling Jim" Forrest, legless war veteran, who maintains that despite his handicap he can outrock the other rockers. Dolphy Park and Olympia Bruno, Redondo bathing girls, also were among yesterday's practice brigade.

VENTURA, Aug. 23.—Taxpayers in Ventura county have leagued themselves together in the Ventura County Taxpayers Association to combat further increase in property taxes and to oppose the projected \$2,000,000 bond issue for a county harbor at Buena Vista.

Eugene P. Foster, local business man, has accepted the presidency of the organization. Membership lists are being circulated throughout the county.

Among those who have been named vice-presidents are: Ralph B. Lloyd, oil operator; J. C. Daly, attorney; Don O. Becker, attorney of Los Angeles; C. M. Wilson, president of the Chamber of Commerce; and Percy L. Wickes, Moorepark; E. B. Jones and M. L. Montgomery, Simi; John Madison, Jr., E. O. Tucker, Mrs. Anabelle Moore and Gwyn D. Thurmond, Saticoy; Judge Charles Harthorn and Meriton Harro, Fillmore; E. W. Faulkner and Scott M. Wilson, Santa Paula; John Burnham, Frank Mead and Francis M. Barrington, Ojai; Thomas McCosker, Camarillo; William Knapp, Fillmore; Harry M. Walker, Sr., Ventura; L. W. Corbett and Edmund Gerry, Mound; Harry M. Walker, Sr., John A. Smith, Charles O. Bartlett, J. S. Blackstock, Harry Valentine, David J. Reese, J. M. Argabrite, Amos N. Lovorn, G. W. Christian, George Hartman, all of this city.

CLOTHES CLEANING RESULTS IN FIRE

ANAHEIM, Aug. 23.—Frances Benge, 13 years of age, this morning received a scorching lesson in how not to clean clothes, along with serious burns about the neck and shoulders when gasoline used in the cleaning became ignited from an open fire. The home of the little girl, 816 South Lemon street, was menaced by the resulting fire, but was saved by the Fire Department. The girl was treated for her injuries and now is resting at her home.

When Robert Fullerton, retired lumberman of Iowa, and Mrs. Fullerton moved to California several years ago and established a home at 1215 Westworth avenue, Pasadena, they promised friends they would return to Des Moines every year. They will make the annual journey to the old home town next week.

Mrs. Fullerton is to leave by train tomorrow evening. Mr. Fullerton is to leave by Western Air Express plane Tuesday morning.

"I'll meet you when you arrive—I'll get there first," is Mr. Fullerton's challenge to Mr. Fullerton. Mr. Fullerton is 85 years of age. Heretofore he has ridden on practically every means of transport from on teams to railroads and he has made a dozen trips across the Atlantic. The plans will take him to Kansas City, 1420 miles, in twelve hours. At Kansas City he will board a train that should get him into Des Moines about three hours ahead of Mrs. Fullerton.

THE City Council yesterday elected Alfred E. Miller as a member of the Board of Mechanical Engineers. This is the only board of which members are not nominated by the Mayor.

Nominated by Councilman McAllister, the selection was unanimous. Miller replaced David Brian, who has been a member of the board for nineteen years. The board has supervision over steam and electric power installations.

Mr. Miller is a former member of the Washington Legislature. He is president and general manager of the State Mutual Life Insurance Association, president of the Bay Counties Life Insurance Company and vice-president of the Royal Securities Company.

PAIR FACE ADDITIONAL ACCUSATION

Police Get Information on Couple Charged With Theater Safe Robbery

Mann Act charges were added yesterday to those of burglary and grand theft lodged against Edward A. Kavanaugh and Mary Kavanaugh or Cagliano, held under \$10,000 bail each in connection with the \$13,010 safe robbery in the United Artists Theater. Local police received a telegram from Detective Chief Ray of New Orleans, asserting that Kavanaugh's wife is living in that city and that Mary Kavanaugh or Cagliano accompanied Kavanaugh here from Louisiana.

Kavanaugh was janitor of the United Artists Theater for five months preceding his arrest charged with the safe robbery of late Sunday night on 3301 Verdugo Road. Two days later the police learned that a "Mrs. E. Ray" deposited \$8100 in a bank at Fifth and Spring streets early on Monday morning. She had identified the woman's photograph.

BARBERS WILL PICNIC

Barbers of Southern California will put aside their scissors tomorrow, gather up the members of their families and trek to Orange County Park for their first annual picnic under the auspices of Chapter No. 222, Association of Master Barbers. Following the picnic lunch the afternoon will be devoted to a series of athletic events, including a fat men's race, egg race, peanut race, cracker-eating, watermelon eating and a baseball game.

SUCH A DIFFERENCE

KELLOGG'S Pep Bran Flakes are just what you've been looking for. So much better. So crisp! And they have that delicious flavor of PEP. Also mineral salts and vitamins. Just enough bran to be mildly laxative. Try them. In the red-and-green package. Made by Kellogg in Battle Creek.

RAINS SOAK MOUNTAINS

Full Fire Hazard in Forest Reserve Minimized

Showers in San Bernardino Area Daily for Weeks

Federal Officials Closely Check Blaze Sources

REDLANDS, Aug. 23.—Heavy rains in the San Bernardino Mountains have cut down fire hazards until forestry officials feel that there should not be as many fires during the fall season as usual. Records show twice as many fires in the reserve this season to date as last.

There was another heavy rain in the Mill Creek Canyon district last night, heavy enough to soak everything in that valley for two weeks. The fire hazard in the Mill Creek Road mud was washed out the road but this was soon cleared away.

In Santa Ana Canyon the rain was very light, not even enough to settle the dust, but there have been showers in that canyon almost every day for two weeks and as a result the ground is thoroughly saturated and the fire hazard has been cut to a minimum.

WATER IN LAKES
In Bear Valley there was the daily shower. It has rained every day in that valley for two weeks, not hard but a good soaking shower every day. Water is running in stream beds into the lakes that are usually dry all summer.

Harvey V. Beck, executive assistant at the San Bernardino Forest Service headquarters, said today that the outlook for the fall, when the fire hazard is usually the greatest, is much improved. There have been fifty-nine fires so far this year.

Less than a year's comparative figures show that there were twenty-five fires in the San Bernardino National Forest at this time of the year. Officials are investigating the twenty-seven fires that have already been attributed to lightning in this forest and another group of twenty-two fires that have been blamed upon careless smokers.

The other ten are traced to various causes, according to Supervisor Elliott. Careless burning of brush is blamed for four of the mischievous fires in the Federal area.

This season has already brought a toll of 477 acres in burned-over area in the San Bernardino National Forest with the outstanding blazes that are still burning. This is more than double the total of 1846 acres ravaged by flames in this time last year, according to Beck's record.

During the past ten days lightning is blamed for five fires in the forest area and the only other blaze in the Federal Reserve is blamed upon a careless smoker. One in the Santa Ana Canyon, Cherry Valley and Hemet-San Jacinto region piled up the bulk of the burned acreage this summer.

Francis Will Build Mansion
PASADENA, Aug. 23.—Plans were submitted to the City Building Department today for a fifteen-room residence to be constructed for Sidney R. Francis, former Governor of Missouri, at 418 South Grand avenue. The permit for the foundation of the residence has already been issued. The structure will cost between \$50,000 and \$60,000.

The plans provide for a two-story colonial residence of reinforced concrete with brick veneer. The Superior Concrete Construction Company was named as contractor. Francis' present address is 107 North Sycamore street, Los Angeles.

SURPRISE DEFENSE HINTED

Ninety Pasadena Subpoenaed to Fred Becker Trial on Charges of Mistreating Children

PASADENA, Aug. 23.—Ninety residents of this city have been subpoenaed as witnesses in the case of Fred J. Becker, former principal of John Muir Technical High School, indicted on four counts of criminally mistreating local school boys. Becker's trial is scheduled to open Monday in Superior Court, Los Angeles.

Archie D. Orme, Becker's attorney, indicated today that he will offer a "surprise defense" of the man who formerly was believed to be the greatest benefactor of underprivileged children in the Pasadena school system. "Disclosures of certain things that happened after Becker was arrested," Orme said.

While the school principal was in the City Jail more than twenty local residents, who had assisted Becker financially in caring for his fourteen adopted children, protested that he had been "framed" and that the charges against him must have been inspired by delinquent boys with a grudge against him. With affidavits from at least two

STORMS WRECK HIGHWAYS

Near-Cloudbursts in San Jacinto Area Take Out Bridges and Wash Away Fills

RIVERSIDE, Aug. 23.—County highway department officials today were making an inspection of San Jacinto mountain roads to determine just how much damage was done by two storms of almost cloudburst proportions which yesterday afternoon swept over the district. Reports from the county's mountain road camp this morning were that two bridges were out and large sections of the new high-grade highway, recently completed between Strawberry and Idyllwild, were destroyed. In addition to road damage the storms played havoc with electric power and telephone lines in the mountains.

There have been daily storms in the mountains all week, but yesterday's were declared by far the most severe. The first storm occurred shortly after noon. The second came about 3 o'clock and was much heavier than its predecessor. The rain was heaviest between the road camp and the Garner ranch. Somewhere in this district the water apparently was dammed up, for it bore down with such force as to tear out bridges and sections of the highway.

CAMP IN DARKNESS
The county camp was in darkness for a short while, according to B. Mowry, bookkeeper. "A wooden bridge leading to the prison camp has been washed out and another shortly above the entrance to the Keen Camp grounds is impassable," Mowry said. "However, there is a temporary road leading in to the camp, and there will be no little inconvenience on that score. But persons wishing to go on into Keen Camp are being compelled to park their machines at the lower entrance and to make the rest of the journey on foot," he added.

CONTROLS ON ROAD
The most serious and costly damage has been done to the new road between the camp and Strawberry Creek. Here two deep fills have been almost washed out. On one of these the cut is so sharp and so severe that there is only room for one car to pass and we are maintaining a control there until the road has been repaired. The road has been badly washed on both sides.

"It is estimated that it will require from a month to six weeks to repair the damage done in such a short time," Mowry said. "However, the road is being worked by shovel and the control will be available in a day or so, and the plan is to bring it to once up the grade to the damaged places."

INCENDIARIES INVESTIGATED
Meanwhile, the San Bernardino forest is being closely guarded by Federal, State and county officers, aided by lookouts on the alert for any proof of arson, gas operations here. Each blaze is being carefully investigated to determine its origin, according to Supervisor Elliott.

Fire-fighting units in the San Bernardino National Forest for the current season now total 642,343, against 517,274 at this time last year. Officials are investigating the twenty-seven fires that have already been attributed to lightning in this forest and another group of twenty-two fires that have been blamed upon careless smokers.

The other ten are traced to various causes, according to Supervisor Elliott. Careless burning of brush is blamed for four of the mischievous fires in the Federal area.

This season has already brought a toll of 477 acres in burned-over area in the San Bernardino National Forest with the outstanding blazes that are still burning. This is more than double the total of 1846 acres ravaged by flames in this time last year, according to Beck's record.

CANALS CHOKED UP WITH SILT

Imperial Has Ample Supply of Water, Also Mud

Solid Content of Flow Near High Valley Record

Cities Have Difficulty in Maintaining Filters

SANTA ANA GOES AFTER INDUSTRIES

Chamber Secretary Will Spend Month on Tour of Eastern Cities

IMPERIAL, Aug. 23.—While rains in the upper drainage basin of the Colorado River this season have insured an ample supply of irrigation water for Imperial Valley and eliminated the necessity for a diversion weir in the channel below Rockwood Reservoir, the silt content of the river water has been greatly increased during this period. Storm waters from the Little Colorado drainage district are colored brown and the domestic filtering plants in several valley towns have failed to remove this coloring entirely from the drinking water.

At Ontario this week, the ditch which supplied the city water plant became so choked with silt that it was necessary to ration out the water supply for three days until a dredger opened up the canal. Beverly also had difficulty in delivering an ample supply of filtered water to its residents.

DIAMONDS STOLEN BY HANDFUL
SAN DIEGO, Aug. 23.—Thief Wednesday of fifty-three diamonds valued at \$879.75 from J. W. Ware, jeweler, at 1018 Sixth street, was revealed today by police, with announcement that an unidentified Mexican is being sought in connection with the robbery.

Ware told police that about 4:30 p.m. Wednesday a Mexican entered in a blue serge suit and wearing a brown Panama hat, with a scar on his right cheek, came into his store and said he wanted to buy a diamond.

The man spoke good English, according to the jeweler. "I showed him, so I went to the window for some, leaving an open drawer containing diamonds and a small box of jewelry. But he was not satisfied with what I showed him, so I again returned to the window. When I came back Ware did not discover his loss until yesterday, he told police.

Among the missing gems are two 1.50 carat diamonds, one 1.25 carat, and a 1.00 carat. The Mexican was seen waiting for a Tia Juana stage by one of Ware's clerks, according to police report.

ALHAMBRA ATHLETIC CLUB MAY REFINANCE
MEMBERS APPROVE PLAN FOR HOLDING COMPANY TO BUY HOLDINGS

ALHAMBRA, Aug. 23.—A plan to organize a holding company to take over the property of the Alhambra Athletic Club, valued at about \$70,000, was approved today by the club members.

The plan is to raise a minimum of \$20,000 by subscriptions for stock in the holding company at \$100 a share. The money would be used to pay off a second mortgage of \$11,000 and to apply the balance on a first mortgage, thereby reducing the indebtedness on the club property to \$19,000.

The A.A.C. was established five years ago and has a clubhouse, gymnasium, tennis courts and swimming pool on a four-acre tract. It has membership of between 300 and 400. A committee to carry on a campaign for the holding company is now being formed.

BEACH MARKERS IN OIL LAND DISPUTE
SANTA BARBARA, Aug. 23.—That the Barnwell and Rio Grande oil companies stand to lose their holdings along the coast of the E-wood field because of certain monies placed inland and describing the straight line boundary, was denied by attorneys for the two companies yesterday. According to a California Supreme Court decision, involving the properties handled in 1929, it was decided that the boundaries of properties along the coast should have the mean high tide line as one extremity.

It is said. Hearing on exceptions will be held in Washington on September 8. Every grant of land along the coast has markers beyond mean high tide, it is said, but the markers were placed back from the sea in order to prevent their destruction.

SECRETARY RETAINED
ALHAMBRA, Aug. 23.—Pym C. Davis will serve the Chamber of Commerce as executive secretary for the fourth consecutive year, the directors having reappointed him and commended him for efficient work. Davis won recognition for his handling of the chamber finances. When he took the job three years ago the organization was badly in debt. Now there is a surplus.

SPEICH FAILS ON INITIAL HOP-OFF

Orange-County Flyer Plans Another Try Today

Hopes to Break Endurance Record for Soloist

Wanderer Biplanes Defeated by Adverse Winds

MARTIN AIRPORT, SANTA ANA, Aug. 23.—Attempting to set a new solo endurance flight record, Vern Speich, Santa Ana aviator, at noon today gave a biplane a hop-off about fifteen feet off the runway here, then was forced down by adverse winds. He was prepared to hop off again this afternoon but decided that wind conditions were not favorable and postponed a new attempt until tomorrow.

A representative of the National Aeronautical Association was here today to seal the biplane. As long as his 514 gallons of gasoline hold out, Speich intends to remain in the air. Estimates based on conservative figures taken during test flights this week, indicated that he could make a solo hop-off for forty-four to fifty hours.

FRACATIS INDIAN
The problem of remaining awake during the monotonous flight has been solved, Speich declared. He has been conditioning himself by remaining awake for long periods. At one time he remained awake forty hours and felt no ill effects, he stated.

His "roughboard" will consist of a whole chicken, chocolate bars and coffee in thermos bottles. Bill Speich, chief mechanic; Millard Doy, engineer with the biplane; Alvin Corporation; Sterling Price, president of the firm, and other officials will be on hand for the take-off.

WEIGHS 500 POUNDS
Night flying will not be difficult, it is explained. Speich will be able to keep his bearings by the lights of the Grand Central Air Terminal, although the options have several years to run. The City Council has approved an agreement transferring the real estate involved in the transaction, the papers filed showing the purchase price to be \$41,000 or \$8000 per acre.

The property involved has been used by the Spicer interests for airport purposes, together with other land. The Spicer interests have been using the land for the airport and the city also entered into an agreement for the closing of the two municipal water wells now operating on the grounds of the air terminal and for the drilling of the air to take their place. Spicer has signed an agreement to pay the city \$11,000 to cover the cost of relocating the two wells.

At the same time, in connection with the relocation of the water street on the property, Spicer agrees to maintain means of access to the plant of the State Airports Corporation, where the State dirigible is being built, and has filed bond in the amount of \$15,000 to guarantee its maintenance.

Espee Adds to Ventura Yards
VENTURA, Aug. 23.—Extensive additions are being made to the Southern Pacific yards here to allow for storage of more freight cars and to provide room for trains to pass at this point. Double tracks are being laid for a distance of 1700 feet along the north side of the main line east of the underdrive of the main line road.

A single passing track is being laid for a distance of more than three-quarters of a mile between the underdrive and the Edison warehouse at Seaward avenue. A string of construction cars has been shunted out on the partially completed siding and fifty men are at work on the remainder.

Twelve passenger trains stop here daily and several more pass through on limited schedules. Several freight trains also go through the yards.

Mexicans Plan Patriotic Fete
CHINO, Aug. 23.—Independence Day for Mexico is to be celebrated here September 16, next, by all Mexicans of the valley, with a program starting Sunday night at the high school auditorium.

A parade replete with flowers and decorated automobiles will start the events Monday morning. Five Mexican lodges are entering the parade and cars and sponsoring the line of march. A thirty-five-piece band from Los Angeles will play throughout the day. Games are scheduled for the afternoon in the City Park, open-air rodeo arena and a street dance at night.

ASSERTED ROAD PEST HUNTED MAN
ONTARIO, Aug. 23.—Police of Southern California have been asked to co-operate with local authorities in apprehending the driver of the car bearing the license plate No. 57078, who is wanted on a reckless-driving charge, to be filed by C. W. Southworth, 1949 West Avenue, Ontario.

According to information received today from Los Angeles police, a warrant was never issued for the perpetrator of the crime nor an indictment secured. This leaves the case open to the local police court for a hearing and preliminary trial at once. Joe Guerrero faces charges of grand theft and forgery, while Henry will be charged with passing fictitious checks.

DIODENES SNUFFS HIS WICK

Not Only One, But Four, Honest Men Disclosed Among Inglewood Residents and—(Please Rush in the Smelling Salts!)—They're Fishermen

INGLEWOOD, Aug. 23.—Old Man Diogenes could end his search for an honest man in Inglewood today and set down his lantern for good, for here he has found four, and fishermen at that. The quartet of anglers, including Carl Matson, George C. Malloy, Clinton E. Spaulding and Charles Thibault, returned today from the high Sierras in the vicinity of Huntington Lake and candidly admitted, in explanation of the reason why the trout which they had promised various friends did not materialize, that they not only caught no fish, but also that they didn't even cast a fly. It's a sad story, mates, but, according to the candid Mr. Matson, they trudged thirteen miles up a rugged trail to Earl Lake in anticipation of "great fishing." During the hike a thunderstorm quashed much of their enthusiasm, but still they pressed on. In brief, however, it took them so long to reach the shores of the lake that they had no time left to fish, but, laden with their extensive, but now unnecessary, fishing tackle, were compelled to turn their backs upon what had been extolled to them as a "fisherman's paradise" and sadly and dejectedly retraced their steps.

They had only a limited time in the mountains, owing to a business appointment in Los Angeles.

BANDITS RAID DRUG STORE

Daring Pair Enter Inglewood Establishment to Plunder Cash Register and Customers

INGLEWOOD, Aug. 23.—A daring hold-up was staged at 11:20 last night in Harvey's Drug Store, corner of Arbor Vitae and South Market streets, when two unmasked bandits armed with revolvers forced customers into the back room after robbing the cash register and searching them for valuables.

The bandits then escaped in a Packard sedan which was standing at the curb with motor running. The car was driven by a woman accomplice, it was reported to police.

The bandits entered the store, flashed automatic pistols and ordered Lewis Harvey, proprietor, to open the cash register. They rifled the cash register of \$84 in currency and \$35.30 in silver.

They robbed Ted Fraiser of Hawthorne, a customer, of a white-gold wrist watch and \$5 in cash. From J. W. Bishop of this city, they took a gold watch, a wallet containing \$6 in cash and a Thirty-second Degree Masonic certificate contained in a folder.

Approximately 1500 of the two men were described as a young man about 30 years of age, 5 feet 8 inches in height, weighing 130 pounds and dressed in a dark suit. The other had dark hair, was about 5 feet 6 inches tall, stocky build and wore dark glasses. Both were armed with automatic pistols. No description of the woman accomplice was obtained by the victims of the hold-up, so quietly was the hold-up carried out that people in the neighborhood were unaware of what had taken place until the alarm was spread.

County Given Power to Act on Road Plans
SOUTH GATE, Aug. 23.—The County Supervisors have been given jurisdiction by the City Council to widen and otherwise improve First-stone Boulevard from the Union Pacific Railway Company's tracks on the east of this city, to the west city limits. It is estimated the cost will be approximately \$1,416,352, the contract price on the improvement being \$609,301.

When the improvement is completed there will be a 100-foot right of way with seventy-foot paved between curbs, and an ornamental lighting system. It is estimated the improvement will cost an average of \$14.60 per foot on frontage property. Bonds are to be issued so that property owners will have twenty years to pay for the improvement and interest on the bonds will be 7 per cent, and the improvement bonds, 6 per cent.

NORTH HOLLYWOOD BAPTISTS TO BUILD
NORTH HOLLYWOOD, Aug. 23.—First drafts of the plans for the new Baptist Church which is to be erected at Orange street and Fair avenue have been given to the architect and the permanent plans will be adopted within a week or two. One of the features of the church will be a sixty-foot tower, twelve arched Sunday-school rooms and a place for the church orchestra. Rev. J. L. Bonner, pastor and has charge of all plans.

FAIR SPONSORS OPTIMISTIC
Orange County Exhibits to Set New Year, Community Leaders Hope

ANAHEIM, Aug. 23.—Delegates at the meeting of the Orange County Associated Chambers of Commerce last night devoted most of their time to reports of plans for the forthcoming year, starting the 29th inst.

H. A. Lake, president, and his department heads declared before dinner that there never has been such promise of well-rounded exhibits and overflowing entertainment programs as is indicated this year.

Orange county has won the distinction of having the greatest variety of fruits for exhibit than any other county of the nation, Lake declared. Particularly noteworthy, he declared, is the sub-tropical fruit exhibit which has been arranged by Harold E. Walberg, Walnut County Farm Adviser. The State fair has invited Walberg to take his department to Sacramento this year.

OLD FRIENDS SHOOT

One Dead, One Wounded in Fight at Palmdale

Men Neighbors Shot at Each Other in Fight

Petty Row Over a Girl

PALMDALE, Aug. 23.—A fight between two men, one of whom was shot dead, and the other wounded, took place last night in a fight at Palmdale.

The fight was the result of a petty row over a girl. The two men, who were neighbors, had been drinking and fighting for some time.

The fight took place in a public place. One of the men was shot in the chest and died. The other was wounded in the arm.

The police are investigating the case. They are looking for the person who shot the man who died.

WOMAN KILLED
A woman was killed in a fight with a man. The man was shot in the chest and died.

The woman was shot in the chest and died. The man was shot in the arm and was wounded.

The police are investigating the case. They are looking for the person who shot the woman.
